# 3 GIRLS AND 2 MEN TAKEN IN STUDIO RAID

Silken Perfumed Couches, Incense, Swings, Costly Curtains and Pictures Add to Its Languorous Atmosphere

Two Telephone Operators and Department Store Clerk Are Held As Witnesses Against Elderly Males by the Police

SAN FRANCISCO, April 14.—Recalling the days when Evelyn Nesbit Thaw swung in the silken swing that dangled in the apartments of Stanford White, there has been uncovered here a new "studio," seemingly more lurid if less imbued with the genius of artistry.

The "studio" is at 713 Golden Gate avenue over the prosaic precincts of a barber's shop. It was raided last night by the police.

In jail today are:

JOE KOSSISTARI, 57 years old, who says he is retired but who, the police say, told them last night that he worked as gardener and man-of-all-work at the Charles Minor Goodall home, 150 Lake street, Oakland.

JOHN D. YOUNG, known in what the police allege to have been a veritable "spider's parlor," as "Uncle John," a merchant and also 57 years old.

Both mark their years in gray hairs.

In the juvenile detention home are three girls, witnesses. They are:

LARA DUNCAN, 17, a telephone operator.

JACQUE KOFFEY, 19, also a telephone operator.

MARIE GLANVILLE, 17, a department store clerk.

Behind the arrests, the police allege, is a story of delinquent girls of clandestine visits of persons of consequence, some of authority, and of revels, some in the guise of artistry, others to which the term bacchanalian might more fittingly apply.

SILKEN SWING AND JINKING BELLS

In the rooms, marked chiefly by a large front double parlor, there was the silken swing and tinkling bells that the swinger might kick if the swing high enough, there were expensive couches and pillows and cozy corners; there were many pictures, such pictures as might be expected in so languorous an atmosphere; and there were, too, incense burners from which still arose the aroma of scented ashes.

Ten motion picture films revealed one of the manners in which visitors entertained themselves. Cursory examination indicates that nine of these films were merely comedies. A tenth is tragedy of a kind not shown on screens, the police say.

Police women Kate O'Connor and Kathryn Eisenhart obtained the first evidence of the character of the "studio" and confronted the girls with it. Then with Laura and Jacques and Sergeant McLaughlin and Bonner they visited the house early last evening and entered through a window.

Presently a man they called "Van" came in and talked pleasantly about the party that was to be, wondered when "Uncle John" was coming, and Marie also came in and it is related that the girls were more or less unimpressed by the police raid.

But they said "Van" had not harmed them and he was not arrested.

At 8 o'clock "Uncle John" came and he was hauled away to jail and at 9:30 Kossistari arrived and walked into the clutches of Patrolman G. F. Grace, who was seated in the parlor waiting.

PHOTOGRAPHS CONFISCATED BY RAIDING OFFICERS

Today the police went back to the "studio" and collected scores of photographs and took down the swing as evidence. The photographs show many persons, including "Uncle John" and Kossistari and the girls and others besides, at least one of high official position.

In obtaining evidence of the character of the place that today stands disarranged and chill, where it had been perfumed and warm, the police used motion picture producers. They have many facts for disclosure in court not now revealed, they say. Nor are all revealable.

There are young men who are said to have brought girls to the "studio" and left them there, still to be sought, it is said.

# Candidates for Ball Pennant Make Home Bow

Oakland Team, After Lunch-on by Lions Club, Leads Parade to Park.

Pla-a-a-y-ball!

Oakland—or the greater part of it—cast aside Dull Care and Business promptly at noon and dedicated the rest of the day to acclaiming and welcoming the opening of the 1921 baseball season and the city's team of potential pennant winners.

It was a whooping, enthusiastic welcome which had its inception with a luncheon given at the Hotel Oakland by the Lions club and which approached the stage of delirium when the familiar and beloved smack of the first batted ball rang out clearly over the field at Emery-

As a matter of fact the baseball season opened a week ago last Tuesday when the Oaks played in Salt Lake, but, as far as Oakland and its legion of fans are concerned, the season opened "officially" this afternoon, when the Oaks and Seals swarmed over Emeryville park.

As a matter of fact the baseball season opened a week ago last Tuesday when the Oaks played in Salt Lake, but, as far as Oakland and its legion of fans are concerned, the season opened "officially" this afternoon, when the Oaks and Seals swarmed over Emeryville park.

Hundreds of persons, including small boys, business men, city and county officials and a liberal number of members of the fair sex, went about their personal affairs this morning with the eager, expectant look and demeanor peculiar to sufferers of baseball fanatics.

Aside from the Lions club luncheon at the Hotel Oakland, the inauguration of the best season of the year was marked by a colorful and spirited parade from the hotel through the principal business section and then to the park, speeches, music, a flag-raising ceremony and the pitching of the first ball.

Mayor Davis, with the veteran Mike Fisher acting as catcher.

CLUB IS ENTERTAINED BY LIONS AT LUNCH

The luncheon festivities were under the direction of Francis E. Woodward, of the Lions club, while J. Cal Ewing, owner of the Oaks, acted as general chairman.

William C. McCarthy, president of the Pacific Coast League, and "Baseball as an Advertisement to a City," McCarthy sounded a note of optimism which was picked up by the Oaks and Seals, and which grew so intense that long before the season ended known baseball experts openly were expressing their belief that Oakland, despite its two losses to the Seals, would win the 1921 pennant.

As the parade started from the hotel at the conclusion of the luncheon, it soon assumed imposing proportions as hundreds of other delighted happy-fans fell into the ranks.

MAJOR URGES FANS TO ROOT FOR OAKS

Official cognizance of the importance of the opening of the season was taken in the following proclamation issued yesterday by Mayor Davis:

"Thursday, April 14, will witness the official opening of the 1921 baseball season in Oakland.

"The Oakland baseball team faces the 1921 season with an excellent prospect of being winners of the Pacific Coast League pennant. The preliminary games which they have played have served to strengthen and coordinate all the elements making up the team, and when the first ball is pitched on the local field tomorrow, it will mark the first step toward the pennant next fall.

"On Thursday, under the direction of the Oakland Lions club, a special baseball day program has been arranged, and a parade will be held through our downtown business section and out San Pablo avenue to the baseball park.

"I am sure that every lover of baseball in Oakland will be on hand at the ball park at 2:30 tomorrow to give the Oaks a royal welcome at this formal opening of the season."

Among the clubs which co-operated with the Lions in heralding the season were the Elks club, Kikanis club, Progressive Business Men's club, Business Development League, Rotary club, San Francisco, Berkeley and Richmond Lions.

# SALES TAX PLAN PROBE DEMANDED

Fear of Wisconsin Charges New York Men Are Trying to Organize Lobby to Put Increased Burden on People

House Begins Debate on the Emergency Tariff Bill—Passage of the Knox Peace Resolution Expected Soon

WASHINGTON, April 14.—Demands for Congressional investigation of the movement to adopt a sales tax this session were made today by Representative Fear of Wisconsin.

In a speech in the House he charged that Jules Bache, New York broker, and Meyer B. Rothchild, New York wholesale jeweler, head a movement by New York jewelers, candy men, druggists and others "to organize a huge slush fund and maintain a well-financed lobby at Washington to put over on the people a sales tax on everything they eat, drink and wear, and lessen the tax of big business interests."

Fear introduced a resolution demanding an investigation of "this scandalous condition."

By CLARENCE DUBUSE, United Press Staff Correspondent.

WASHINGTON, April 14.—With the Senate finance committee preparing its plans for a sales tax and tax reform hearings, the House today began debate on the Young emergency tariff bill, with passage scheduled for Friday.

"However, nobody will be heartbroken if it doesn't pass until Saturday," said Representative Mondell, Wyoming, Republican House leader. "If the boys want to talk an extra day, I'm not in favor of cutting 'em off."

"The Democratic 'boys' want to talk."

"Of course, the Young bill will pass," Representative Kitchin, North Carolina, Democratic leader, said. "But before it does, we would like to describe the just bill of a fraud in it. It will fool the farmers, help the trusts and ruin our foreign trade."

SALES TAX BILL WEEK BEARING NEXT WEEK

It was indicated that Senator Penrose, chairman of the Senate finance committee, will not get public hearings on the sales tax bill by Senator Smoot under way until next week.

This measure, Smoot estimates, will yield about \$1,500,000,000 revenue annually.

Meanwhile, the House will, according to program, have put the Young emergency tariff bill up to the Senate, and be ready to tackle committee consideration of the budget bill, immigration bill, army and navy appropriations.

The Young bill, which now includes the emergency tariff, anti-dumping and foreign exchange adjustment, will not get more than ten emergency votes, Kitchin predicted.

At the Democratic House caucus, which instructed against the bill by a vote of 77 to 79, about 20 Democrats refused to be bound by the caucus vote.

However, that half of them will "get into line" when the roll is called.

By GEORGE E. HOLMES, International News Service Staff Correspondent.

WASHINGTON, April 14.—Passage of the long-heralded Knox resolution ending the state of war which emergency tariff bill up to the United States and former Central Powers today awaited word from the White House. Republican leaders of the Senate and House predicted today that the peace resolution could be passed in the coming week.

The actual date of passage appeared uncertain today. At first it was intended that Congress should act on it until after May 1, the date set by France for German compliance with her reparations demands. Subsequently, however, the directors of the Harding foreign policy came around to believe that the resolution should be passed any time without having its purpose misunderstood.

The date for resubmission of the treaty of Versailles, if it ever is resubmitted—is in so emasculated a form as to be hardly recognizable as the treaty brought back from Paris by Woodrow Wilson, appeared today to be in the hazy future.

NAVY APPROPRIATION BILL, REINTRODUCED

WASHINGTON, April 14.—The navy appropriation bill, which passed the House last February, but failed to get through the Senate before the adjournment of the last Congress, was reintroduced in the House today by Representative Butler, chairman of the House naval affairs committee.

# Billion Profits To Bootlegger, Year Estimate

By RALPH F. COUCH, United Press Staff Correspondent. WASHINGTON, April 14.—Bootleggers made profits totaling nearly \$1,000,000,000 last year, it was estimated here today on the basis of internal revenue bureau reports showing that approximately 30,000,000 gallons of liquor were withdrawn from bonded warehouses last year.

Between \$200,000,000 and \$500,000,000 of this should be paid to the government in income and excess profits taxes. So far as tax records show, no profits earned by bootleggers were reported or paid in taxes.

A prospective revenue of \$100,000,000 at the gross profit of the bootleggers last year which was equal to the amount the government paid in interest on the entire war debt.

The new commissioner of the bureau of internal revenue, it is suggested, may discover a way to collect the tax. Many officials regard the possibility of collecting the bootleggers' tax as really worth while. Others scoff at chances of collecting it.

# Bill Will Stop Selling Tickets Without Seats

Committee Sanctions Measure to Abolish Practice At Certain Theaters.

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE. SACRAMENTO, April 14.—The Bishop bill forbidding theaters to sell tickets when no seats are available to the purchasers was reported out by the Assembly judiciary committee today with a favorable recommendation.

Bishop's bill provides merely that no theater shall sell a ticket to a person when no seat is available for such patron. Bishop told the committee that it was aimed against the practice of filling up the inner lobbies or foyers of motion picture and vaudeville houses and thereby increasing the fire hazard.

Members of the committee said they forced the bill not only for the safety reason, but because most of them individually had many times been required to wait, without notice, that no seats were available.

Representatives of the motion picture industry were present and spoke against the bill. They were heard at length, but many of their statements were challenged by committee men, who said they disputed them from individual knowledge.

# Witness Denies He Kissed Mrs. Stokes

By UNITED PRESS, LEASED WIRE TO TRIBUNE. NEW YORK, April 14.—George Austin Schroter, 49, of Denver, mentioned as a co-respondent by W. B. Stokes in his divorce suit against Mrs. Helen Elwood Stokes, today entered a complete denial of the charges.

Witnesses for Stokes had said they had seen Schroter, who is now in custody, while Schroter was visiting her cottage at Long Branch, N. J., in the summer of 1911. Others testified he had driven with Mrs. Stokes and another man from downtown New York to a house in New York to Seventy-second street, where they entered a house then occupied by Mrs. Stokes.

# U. S. Flag Is Fired On by Turks and Greeks

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE. CONSTANTINOPLE, April 14.—Shooting is going on between Turks and Greeks in the Bardiz region of Asia Minor, where it is reported neither of the combatants is respecting the American flag.

At the American consulate, which is being shelled by the Turks, shots having been fired at the American women's hospital unit of Mrs. Mabel Nickerson.

Miss Bernice Everett of the Wesley College unit has been cut off in Bursa, although the orphans in her care have been transferred from that place to Bardiz.

# Interior Valleys Hit by Killing Frost

SACRAMENTO, April 14.—Killing frost in the Sacramento and Upper San Joaquin valleys last night raised fears among fruit and vegetable growers that considerable damage has been done, although a heavy today confirmation still was lacking.

In Sacramento the minimum temperature was 38 degrees and thin ice formed in places. In the American river district garden crops are reported to have suffered considerably.

# Funeral of Former Empress Is Delayed

DOORN, Holland, April 14.—German government authorities have insisted that the taking of the body of the late former Empress Augusta Victoria from Doorn to Potsdam for burial be delayed and the remains will not leave here until Monday morning, it was announced.

# FRANCE WILL BACK U.S. ON YAP DEMAND

Reply to Secretary Hughes Note Says Paris Government Will Seek Satisfactory Solution On All Mandates

Tantamount to the Acceptance of Principle That America Has Surrendered No Rights in Overseas Possessions

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE. WASHINGTON, April 14.—The reply of France to Secretary Hughes' note of April 1 regarding the Japanese mandate over the Pacific island of Yap is interpreted in official circles here as tantamount to acceptance of the principle laid down by the American government that the United States has surrendered none of its rights in former German overseas possessions.

PARIS, April 14.—Premier Briand has despatched to Washington, a note acknowledging receipt of the communication from the American State Department regarding the mandate over Pacific islands north of the equator given to Japan.

The premier's note says a representative of France will take up the question which it came to him, but the supreme allied council "with the most ardent desire to find a solution giving satisfaction to the United States" will approach the question.

FRANCE WILL URGE PROPER SOLUTION

After acknowledging receipt of the American communication, Premier Briand's note says:

"The memorandum, being addressed to Great Britain, Italy and Japan simultaneously, a reply cannot be made until after an accord between the governments of the four nations has been reached. The next meeting of the supreme council will be held at the end of the month."

"I desire, however, to declare now that when the question comes before the supreme council the representatives of France will not hesitate to question with the most ardent desire to find a solution satisfactory to the United States. Your excellency knows that the government of the republic has done all that depended upon it to give its aid in this question to the American government."

# SAKS JAPAN NOTED WILSON'S RESERVATIONS

"By the note of February 18, after having noted that the decision of May 7, 1918, carried with it no restriction concerning the attribution of Japan of a mandate for the islands of the Northern Pacific, that department expressed to your embassy, that, however, President Wilson's reservation of the right to be consulted in the course of the proceeding meeting had formulated in the presence of the Japanese representative, category of the island of Yap, that Baron Makino (Japanese representative on the supreme council) had not refused to allow discussion of the question raised by the representatives of the United States, and that consequently, the Japanese government had knowledge of the American reservation."

The note concluded by saying that there were contained in it elements for further conversation between the United States and Japan, which the government of the republic would be happy to see result satisfactorily.

"That note was the same day communicated to the Japanese embassy in Paris by the French government."

PARIS, April 14.—After a bitter debate, the Chamber of Deputies today voted by overwhelming majority in favor of a 50 per cent tax on German exports. The vote was 332 to 77.

The opponents put up a stubborn battle against the tax on the ground that France needs Germany's products and that by such a formidable tax the French people were indirectly paying the German war debt.

# U. C. Non-Resident Fee Bill Is Passed

SACRAMENTO, April 13.—The senate passed and transmitted to the Assembly a bill authorizing the University of California to impose on non-resident or foreign students fees covering the actual cost of the courses and the maintenance of the students.

The measure would exempt certain graduate students. Jones opposed the bill on the ground that it would discourage the best type of immigration.

# Yosemite Valley Is Covered With Snow

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE. MERCED, April 14.—A heavy snow storm in the Yosemite Valley has covered that section with an unusual amount of mid-April snow. It has interfered with the usual hiking of tourists and trails and has delayed opening of the daily stage line service from Merced to Yosemite from April 15 to April 20.

# Strikers Join Defense Forces of Government

(By International News Service) LONDON, April 14.—The striking coal miners have hit upon an ingenious plan to turn one of the chief weapons of the government into an instrument for their own defense. They are enlisting by the thousands in the citizens emergency forces called for by King George.

Thus they not only get themselves into a strategic position to influence the minds of those who, side by side with them, may be called upon to combat the strike, but they draw government pay and rations which exceed all strike benefits.

The rail men and transport workers are expected to follow the same tactics.

# Slashed Pouch Uncovers New Mail Robbery

Parcel Post Bag, Stolen Between San Luis and S. F., Found Near Axon.

"The discovery today by the engineer of an S. P. train of an empty mail pouch with its sides slit open revealed the theft of a bag of parcel post matter which was stolen between San Francisco and San Luis Obispo Monday night. This latest mail robbery is furnishing a new mystery for the postal inspectors.

The empty pouch was found at Axon, near Martinez, lying close to the track.

How it found its way to Contra Costa county, which is a long distance from the coast line, on which it was scheduled to travel to San Luis Obispo, is one of the strange features of the case. The exact amount of valuables taken or the loss due to the theft have not yet been tabulated by the postal authorities.

# Gale Does Damage at Los Angeles Harbor

By INTERNATIONAL NEWS SERVICE, LEASED WIRE TO TRIBUNE. LOS ANGELES, April 14.—As a result of a gale at Los Angeles harbor last night and early today that was reported to have reached a velocity of 70 miles an hour at times, three naval kite balloons were torn away from the battleships Wyoming, Arkansas and Texas.

A system of San Pedro was put out of commission and all craft in the harbor had to be protected by extra anchors. The wind had abated this morning.

Two of the kite balloons were recovered about 60 miles inland from the harbor. The third was expected to be located during the day. A 60-mile wind prevailed at Long Beach and vicinity last evening.

Anton Felt, 52, a dye worker, was killed when a tree in a wind storm, fell across the automobile in which he was riding.

# 5 of 7 on Ship Board Reported Selected

By RAYMOND CLAPPER, United Press Staff Correspondent. WASHINGTON, April 14.—President Harding today was understood to have determined on the following appointments for members of the Shipping Board: Chairman, former Senator George Chamberlain of Oregon; Colonel Charles R. Forbes of Washington, former Secretary of Commerce; Alexander H. Leitch, former Senator of Mobile, Ala. Who the other members of the seven-man board will be is still unknown.

# France Votes Tax On German Exports

PARIS, April 14.—After a bitter debate, the Chamber of Deputies today voted by overwhelming majority in favor of a 50 per cent tax on German exports. The vote was 332 to 77.

The opponents put up a stubborn battle against the tax on the ground that France needs Germany's products and that by such a formidable tax the French people were indirectly paying the German war debt.

# U. C. Non-Resident Fee Bill Is Passed

SACRAMENTO, April 13.—The senate passed and transmitted to the Assembly a bill authorizing the University of California to impose on non-resident or foreign students fees covering the actual cost of the courses and the maintenance of the students.

The measure would exempt certain graduate students. Jones opposed the bill on the ground that it would discourage the best type of immigration.

# Yosemite Valley Is Covered With Snow

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE. MERCED, April 14.—A heavy snow storm in the Yosemite Valley has covered that section with an unusual amount of mid-April snow. It has interfered with the usual hiking of tourists and trails and has delayed opening of the daily stage line service from Merced to Yosemite from April 15 to April 20.

# PEACE PARLEY'S FAILURE; ENGLAND FACES GENERAL STRIKE TOMORROW NIGHT

Federation of Workers Will Join Triple-Alliance Totaling More Than 6,000,000 Men to Go Out

TROOPS READY TO ACT

LONDON, April 14.—(By the Associated Press.)—The federation of general workers, representing 1,500,000 persons in more than 100 industries outside the triple alliance, decided today to support the triple alliance in its strike in the interest of the striking miners.

By EARLE C. REEVES, International News Service Staff Correspondent.

LONDON, April 14.—An attempt by Premier Lloyd George to split the triple alliance and avert the general strike announced for 10 o'clock tomorrow night, broke down this afternoon and all hope of settlement seems shattered. Having exhausted all other means, the premier tried, at a conference with the spokesmen of the railmen and transport workers, to turn them against the miners. He failed completely.

As the conference left No. 15 Downing street, where they had deliberated for three hours, J. H. Thomas, chief power in the triple alliance, was asked:

"Is there any hope for a settlement?"

"I see nothing at all," he replied, gravely adding: "No."

PREMIER'S ATTEMPT AT SETTLEMENT FAILS

The premier's ingenious but ill-fated attempt, had consisted of charging that the miners were violating the constitution by seeking nationalization through direct action. But the heads of the two classes of workers that are the miners' partners in the triple union, declined to accept that view of the situation.

They flatly refused to listen to the premier's plea that they recommend to the miners to return to work.

"I intend they stood firm on their decision to go out themselves unless the government accede to the miners' primary demands."

In response to an invitation from Premier Lloyd George the executive officers of the alliance called on him at No. 10 Downing street, but there was no indication at that time that they had any idea of backing down from their call to the railmen and the transport workers to walk out in sympathy with miners who have been on strike two weeks.

MEETING CALLED BY LLOYD GEORGE

"I should like to know," Lloyd George had written to J. H. Thomas, head of the railway men, "the grounds on which you have determined to reject such serious blow on your fellow countrymen."

At the conference Thomas and his fellow labor leaders, it is understood, went over the ground covered in the daily conferences since April 1.

It was revealed later that in their meeting with Premier Lloyd George, the leaders of the TRIPLE Alliance indirectly threatened to force a general election.

"You've got your plans and we've got ours," one of the men half shouted. "We will put it to the nation."

PREMIER'S CHARGES MINKERS' LEADERS

The premier charged that the miners' strike was dominated by extremists, saying:

"I have always an uneasy feeling that the miners' leaders with whom I am dealing are not the people who are actually directing the strike."

The government has taken over Hyde Park, it was announced this afternoon. Kensington Gardens, London's other huge park, has been closed to the public and remains with troops since last week.

Unless some unforeseen development again averts the national fast, the government will have more than 5,000,000 men idle. Four million of these are directly or indirectly controlled by the triple alliance. The others are engaged in trades that will be automatically affected by the general walkout.

"For the first time in a fortnight, the country is in a state of general paralysis," said the premier. "The actual realization that labor means business."

REVENUE IS DENIED

Labor has missed no opportunity, especially during the last 24 hours, to assure the country that it does not contemplate a revolution. However, the government calls it that and is prepared to deal with it as such. Between the two the public is the suffering third party, and in order to reduce its suffering to the minimum the government is today its preparations to work hand-in-hand with the government in combatting industrial paralysis and famine.

With the third menace, violence, the government proposes to deal ruthlessly from the outset. For nearly a week the kingdom has been on a war footing and everything is set for the supreme test of strength which appears inevitable.

The miners, mindful of the danger of antagonizing public opinion by allowing violence and sabotage to gain ground, have today to avoid even the appearance of either. They formed a vigilance committee to prevent disorders.

SOLDIERS ON DUTY AT MINE PIT

The danger of clashing between soldiers and striking miners keeps step with the growing support from other branches of labor, which steals the miners' determination and adds to their strength. Tin-belted soldiers are on duty at practically all mine pits.

The "sinking in" of the magnitude of the danger upon the public mind is becoming more apparent on all sides. Early vacationists are hurrying home to avoid being marooned by the threatened rail strike. A new spurt to the general economy movement in lighting fuel and food also is generally evident.

The drilling of troops held in readiness for emergency is a familiar sight throughout London and the provinces. Londoners today witnessed for the first time the spectacle of the navy men acting as sentries at the gates of parks with soldiers within, went through a strict course of drill, refreshing their war experiences.

Hyde Park is being turned into a vast camp of women volunteered to resume their war posts as drivers, streetcar conductors and other occupations.

# 10 WIVES ARE ORCED TO SHARE HOME OF BROKER

ber 1, Mother of Two  
boys, Makes Complaint  
After Ten Weeks.

NEW YORK, April 14.—In the mable "Bill" section of Jersey there has been unfolding day by day through ten strange weeks a tempt to the pen of the man wrote "Gruastark."

The story of Herbert Thorne, a 20-year-old head of the brokerage firm of H. T. Andrews & Co., with principal offices in London, Conn., Philadelphia, New York, Chicago and Cleveland, married two wives and brought second one home to live with first. The first he married nine ago. She is Maud Augusta Andrews, twelve years his r and daughter of a prominent England family.

Another is Esther Maria Tattall, 20, beautiful and 25, one-time grapher in a Pittsburgh office, became his bride on January 25 in Greenwich, Conn.

On an evening in the last week Mrs. Maud Andrews sat with little sons, Johnny, 8, and Har- 6, in the apartment on an ex- Jersey City street.

The door opened. "Daddy" had home. But upon "Daddy's" arm, balancing the suitcase un- his right, was a slender blonde riking appearance.

Mrs. Andrews recognized her as Tattall, stenographer in a burgh brokerage house with her husband had been con- ed. The broker said: "Daddy, er is going to live here with as my wife. You are welcome main if you wish."

Then began the ten weeks of a tion fantastic as any ever con- ed by author or playwright. Mrs. Andrews' wifehood, mind- of her two little sons and her ness for making a living, stayed moving. Finally, that the triangle again would become straight- Mrs. Andrews sought Eugene onahue, her attorney.

Mrs. Andrews was quite positive in his claims and intentions. "I know this story would get out er or later," he said. "I wel- it. I have tried to behave like unman and always will."

Mrs. Andrews made me out gamist. "But I assure you I am I knew exactly what I was when I married Esther. Esther yreal and only true wife. But it always took after Maud. She e mother of my dear boys."

anted—A good, late model, second-hand, five-pass- ing touring car, must stand rigid in- ution, and cheap for cash. Also good- hand Limousine or Sedan, in first- s condition, will sell at priced right- cash. No dealers need apply. Address: NEELY MEYMAN, JR., 1234 D St., N.W., D.C.

## Four Universities Could Organize; Lyon Bill Dies

By AD B. SCHUSTER

TRIBUNE BUREAU, SACRA- MENTO, April 14.—Behind an ap- parently innocent measure making possible the establishment of tech- nical schools in the State a plan has been discovered which would allow the organization of four separate State universities to be operated by individual boards and outside of the jurisdiction of the State Board of Education or the regents of the University of California.

The bill, which was introduced by Senator Charles Lyon of Los Angeles, is believed to have been framed for the purpose of securing for the southern end of the State a separate university and securing a local control of the project. As first in- troduced the bill merely stipulated that the State could organize tech- nical schools, but as amended it lists courses that could be taught in such institutions so that they embrace the

entire field, including agriculture, of a State university.

The election committee of the Senate this morning tabled the Lyon bill, practically killing the measure. The only chance Lyon has now is to bring the matter on the floor by a majority vote, which it is very doubtful he can do.

For some time there has been an agitation in the south for a univer- sity having four years of courses and one entirely separate from the Berke- ley institution, but no definite program for its acquisition was ad- vanced in the way of legislation. Be- lieving that a bill calling outright for a duplication of the work of the great plant at Berkeley would have little chance of passage, the plan has been to amend the Lyon bill to make possible the founding of a new univer- sity and the tacking on of these amendments to the polytechnic bill has, until today, attracted little at- tention.

## TAXPAYERS TO FIGHT FOR BILL

TRIBUNE BUREAU, SACRA- MENTO, April 14.—A conference to discuss the advisability and the possibility of bringing the Tax Pay- ers' Association bill to the floor of the Assembly by a vote of that body and to defy the Assembly committee on governmental efficiency is on to- day with leaders of the opposition to the governor's program participating.

It is generally conceded that the Tax Payers' measure has no chance at all of securing a favorable report in committee, and that no bills but the governor's will be given atten- tion in that body. The opposition has centered its efforts to amend the Stephens-White-Nourse measures, but there are many who are insisting that the issue be put up to the Legislature and that every member be put on record as to just how far he would go in a plan to reorganize the state departments.

## Harbor Control Bill Favorably Reported

SACRAMENTO, April 14.—The San Francisco harbor control bill re- cently passed by the Assembly was reported from the Senate commerce and navigation committee today with a recommendation that it be passed. The committee vote was 5 to 4, al- though Breed, who voted aye, re- served the right to vote aye if it on the floor. The measure would trans- fer the harbor control from the state to the city of San Francisco.

## UTILITIES BILL WILL GO THROUGH

TRIBUNE BUREAU, SACRA- MENTO, April 14.—The public util- ities district bill drawn up by East- bay city attorneys, appeared today on the senate second reading file, having been reported out favorably by the senate committee. It is ex- pected that it will be voted upon be- fore the week is over. As there are two minor amendments, to correct the bill will go back to the assembly that these changes might be concurred in and then go to the governor for signature. It is con- sidered certain that the measure will pass the senate.

Governor Stephens has signed the county library bill which is really a part of the county government pro- gram for Alameda county. It pro- vides for a \$500 increase in the salary of the county librarian, an item recommended by the grand jury and agreed upon by the delegation, but a bill separate from the general one which was signed last week. Senator Edwin M. Otis of Alameda handled the bill in the senate.

## Sun Yat Sen Not Given Much Support

PEKING, April 14.—(By Asso- ciated Press)—Election as president of China of Sun Yat Sen, former president of the Chinese Republic, is apparently not receiving popular support even in some of the southern provinces. Unusual autocratic powers which are not relished even by Sun Yat Sen's immediate associates are said to have been conferred upon him through the election. Tang Shao Yi, former premier and one of the organizers of the extraordinary government at Canton, has left for home.

The election is not considered seri- ously by government officials who say it was illegal.

## Rotary Club Hears Conference Reports

Reports of the recent district conference of Rotary clubs were given today by Carsten Schmidt, Harold Oliver and Ed Wittenberg at an informal luncheon of the Oak- land Rotary club in the Hotel Oak- land at noon today.

Arrangements are being made for the annual election of officers of the club to be held on April 28.

Be Comfortable and  
You Will Be Happy

A really comfortable corset is a blessing to any woman.

More than half of your time is spent in a corset. You should be particular in its selection. Your health, and consequently your hap- piness, depends upon it.

P. N. PRACTICAL FRONT CORSETS will give you that combination of comfort plus style that you have always wanted and never found.

Our expert corsetiers will be pleased to demonstrate one of these corsets.

## BLOW IS DEALT PLAN FOR PARTY LINE RESTORATION

Measure Passed in Assembly  
Is Tabled by Senate  
Committee.

TRIBUNE BUREAU, SACRA- MENTO, April 14.—Proponents of the movement to restore party lines in politics by making it impossible for a candidate to run on any ticket other than that of the party with which he has been affiliated for at least thirty days before primary election have not recovered from the body blow dealt their measure in the Senate committee on elections.

Despite the fact that the bill went through the Assembly by a vote of 51 to 25, and that a delegation of Assemblymen and others pleaded that if for no reason except courtesy the measure should be sent to the floor, the committee called the roll, and by unanimous vote tabled the bill. As a result there has been start- ed a backfire that threatens to as- sume larger proportions than the original conflagration.

CHARGE UNFAIR TACTICS

Charges that certain committee members were not interested in the situation in their local districts from the standpoint of their own candi- dates than in the principle involved, a statement that advantage was taken of the absence of Senator Joseph Rominger, supporter of the bill, and no end of talk of unfair tactics are being circulated. As a way out it is probable that those who would have the question put up to the Sen- ate will get behind a bill on the same subject introduced by Rominger.

The committee hearing brought out a surprising expression of senti- ment in favor of the old plan to put the kick back in politics. Van Ber- nard, as head of a delegation of As- semblymen, told the committee that he had lived in North Dakota, and that in his belief the present system of non-partisanship was leading Cal- ifornia into the same situation that obtains in that other State.

Representing the Democratic women of the State, Mrs. Gladys Magill of San Francisco was present to speak and others appeared for the Commonwealth club, the Crook- ings club and other organizations.

"You should break up this present system of personal politics," Assem- blyman Lee Smith argued. "If this Legislature had fifty or sixty Repub- licans and a working minority of Democrats, or vice-versa, we would have better conditions than at present where the session has developed into one of barter and blackmail."

WILL FORCE SHOWDOWN

A number of committeemen, hold- ing that an amendment to apply the partisan aspect to Congressional elections should be adopted, and this as a reason for tabling the whole bill, and are offering as explanation of the killing of the measure the fact that the amendment was not pre- sented.

The committee action puts the Senate on record as refusing to hear a measure that passed by a more than two-to-one vote in the Assem- bly and has brought forth more protest than any recent committee ac- tion. A conference of leaders for the bill will be held and a program calculated to force a show of hands on the floor will be framed.

## Appropriation Bill Is Reported Back

SACRAMENTO, April 14.—The As- sembly committee of the whole today finished consideration of the general appropriations bill for the ensuing biennium, and reported it back to the Assembly with the recommendation that "do pass as amended."

The bill now goes to third reading file, and may be taken up for final consideration and passage any time after today. Opportunity to amend on third reading still exists.

## Movie Censorship Bill Is Defeated

SACRAMENTO, April 14.—The Eden movie censorship bill was defeated on the floor of the Senate this morning when Eden asked that the measure be drawn from committee, where it had become deadlocked. The vote was 9 ayes and 25 noes.

## NEW PLAN FOR APPORTIONMENT GIVEN APPROVAL

Changes in the Assembly and  
Senate Districts O. K'd in  
Committee.

TRIBUNE BUREAU, SACRA- MENTO, April 14.—The Alameda County delegation held a caucus this morning, and decided to work against any plans for reapportion- ment of the state into new assembly and senatorial districts. Delegates will unite with the San Francisco and certain other Northern Califor- nia legislators in this program.

BY ASSOCIATED PRESS

LEAFY WIFE TO TRIBUNE

SACRAMENTO, April 14.—After adopting a score of amendments to Senator Boggs' bill to reapportion senatorial and assembly districts the Senate Reapportionment Committee last night in only the dissenting vote of Senator McDonald of San Francisco, decided to report the measure to the Senate with recom- mendations that it be passed.

Objections were advanced from various sections of the state, the chief contest centering about the proposal to combine Kern and Ven- tura counties into one senatorial district. This proposition was car- ried, 8 to 5, in the face of vigorous objections from Senators Arbuttle and Rigdon and Assemblymen Smith and Hume of the Coast region.

The contention that Ventura and Santa Barbara counties, having similar industries and population, should be placed together, Kern and Ventura, they pointed out, are separated by a mountain range and their interests are divergent. Sen- ator Irwin and Assemblyman Heck, from the southern end of San Joa- quin valley, were inclined to agree with the representatives of the coast.

The new reapportionment places Santa Barbara, San Luis Obispo, Monterey and San Benito counties in one district and Kings and Tulare in another senatorial district.

"You are making a mighty sore spot," Rigdon declared, and at one stage of the general controversy Irwin emphatically remarked that "we are evidently going to have a happy time."

The amendments adopted do not change the number of senators and assemblymen allotted to San Fran- cisco and Los Angeles by a bill as originally drawn. This would give San Francisco six senators instead of seven as at present and Los An- geles five instead of eight. It would give San Francisco twelve instead of thirteen assemblymen and Los An- geles twenty-one instead of fifteen. Alameda county's representation would remain unchanged.

## Assembly Concurs in Tribute to Liggett

SACRAMENTO, April 14.—The State Assembly concurred, without a dissenting vote, in the Senate resolu- tion introduced by Scott relative to the retirement of Major General Hunter Liggett from the United States Army.

The resolution, after reciting the facts about the long service of Gen- eral Liggett in the United States army and his retirement therefrom under the automatic age limit rule, recites that "the Legislature, on be- half of the people of the State of California, appreciating the long, faithful and efficient military service of General Liggett, and in consid- eration of his sterling qualities as a citizen, extends to him our most hearty congratulations and a warm and affectionate welcome as a citizen of California."

The secretary of the Senate was instructed to cause the resolution to be engrossed and forwarded to General Liggett.

## Turks Assure Safety of Christian People

ROME, April 14.—Cardinal Gas- parri, secretary of state, has made an appeal to Mustafa Kemal Pasha, head of the Turkish Nationalist government at Angora, in behalf of Christians inhabiting countries under Turkish rule. Mustafa Kemal answered the cardinal's telegram in the most deferential terms, assur- ing him that "the safety and welfare of the inhabitants of this country, irrespective of race and religion, is the supreme duty commanded by my humanitarian sentiments, as well as by a Moslem religion."

He added he already adopted measures to insure complete tran- quillity to all Christians within the jurisdiction of the Angora govern- ment.

## MANY ARRESTS IN LIQUOR RAID, TWO DEPORTED

Pittsburg Officers Swoop  
Down on Bootleggers;  
Two Are Fined.

PITTSBURG, Cal., April 14.—In a raid carried out here last night by the Pittsburg police, assisted by

deputy sheriffs, two men were ar- rested on charges of selling liquor, two were ordered out of town and today warrants were issued for the arrest of a dozen more whom the police missed in the raid.

The raid began at 8 o'clock and although the officers worked quietly at first, several of those they planned to trap heard of their coming and left town.

The two arrested were Joseph Pel- legrini and Joe Gambo. Pellegrini was fined \$200 when he appeared in justice court this morning and en- tered a plea of guilty. Gambo asked for a jury trial.

Lee Starks and W. T. Darland were ordered out of town by the police. They were recently convicted of op- erating a gambling house and con- ducting a disorderly house.

Among those for whom warrants were sworn out this morning are F. Battalina and Joseph Martin of the Waldorf saloon.

**Russ Trading Link  
to Cause Big Suit**

BY ASSOCIATED PRESS

LEAFY WIFE TO TRIBUNE

LONDON, April 14.—Possession of the assets and capital of the Great Russian Co-operative Soci- ties, which before the revolution in that country served as the trading link between millions of Russian peasants and merchants, will be the subject of litigation expected to be begun soon in this city by Leonide Krassin, head of the Bolshevik trade delegation here. While the amount involved in England, approximately £1,000,000, the question of law ex- pected to arise in during the pro- gress of the suit will probably con- stitute the most important feature of the case.

## Harding's Message Draws Foreign Press Criticism

Comment on President Harding's message by London, Paris and Berlin newspapers indicates approval of the firm policy expressed in reference to holding Germany accountable for war reparation, but criticism on League of Nations stand. Here are the views expressed:

The Morning Post, London: "We have never thought of the League of Nations as an enforcing agency of the victors. The only question on which the league has been really effective has been the protection of Jews from 'problematical' programs."

"Its 'super powers' have been of no service to the allies. If the league is a case of offense to the United States, it is certainly of no use to us."

"The main argument used for its adoption by England was that it would curb or invade the United States into an alliance for the enforcement of peace. Now that its fallacy has been demonstrated nothing remains to justify its expense to the country."

U. S. CONGRATULATED.  
"We must congratulate the United States on its wisdom in keeping outside of an organization which threatens the foundations of national independence. But the fact that the United States is determined not to enter the league makes it more dangerous for England to remain in, for we may be called upon to support decisions of the league which the United States refuses to recognize."

"Thus a quarrel between the league and the United States may become a quarrel between the United States and the world."

"The Daily Chronicle, London: 'The President does not repudiate the common motives with which the associated powers made war against Germany and Austria. He insists upon the necessity of just reparations and the restoration of Europe.'

CANNOT IGNORE TREATY.  
The Times, London: "The United States cannot afford to continue a policy of isolation. Thus they cannot ignore treaties signed and ratified between other nations."

"If we understand aright the policy of the American government we naturally are led to believe its intentions are not contrary to the rights of France. Consequently we can, without anxiety, assist the United States to reach the aims their President has defined."

Le Liberté, Paris: "President Harding's message gives us all freedom of words. It is a clear word to reach us from Washington. Since President Harding succeeded President Wilson the American policy has ceased to be up among the clouds. It develops broad daylight and full loyalty."

"The United States rejects the League of Nations as conceived by President Wilson and as imposed by him upon the allies. They will conclude a peace with Germany, taking into account their own interests, which are quite legitimate."

Buy Beer's Cake—15c—Advertisement.

and the interests of the allies which are equitable.

"Since the entrance of President Harding into the White House the United States has missed no opportunity to be agreeable to us. We have assurances that Washington will not paralyze our efforts to obtain reparations and will leave to us the choice of the manner by which they should be obtained."

WILL LEARN LESSON.  
Westminster Gazette, London: "If European goods are to be rigidly excluded, the United States cannot obtain payment of her dues. This is a lesson she will learn hardly soon enough, if President Harding's announced policy is to govern her trade legislation."

The Berlin Tageblatt: "The feeling that it is America's moral duty to participate in economic regulations for the purpose of bringing back peace to Europe is too important a phase of the message. We interpret this as a desire for a fundamental revision of the treaty of Versailles. The message indicates that President Harding is a man who keeps his word—peace with Germany, repudiation of the League of Nations and no military engagements."

Berlin Freiheit: "America will stand by only when we have made proposals which show clearly good will to pay to the limit of our ability."

IRIE ANNOUNCEMENT.  
Rene Viviani (former premier of France) New York: "The message is a firm and irie announcement of Germany's responsibilities for the war and her obligations to make reparations."

"France did not dishonor herself during the war. She will not dishonor herself in peace."

"We were the victims of the war. I assure you we will not be the victims of peace. If it is necessary to go to Germany for the reparations money, we shall go."

## Bowman's Bulletin

THURSDAY, APRIL 14, 1921—No. 15.

**HEADQUARTERS FOR HAND BAGS**

**HOUSE CLEANING TIME—WE HAVE EVERYTHING**  
Cleaners, Polishers, Antiseptics, Etc.  
This is house-cleaning time with many people and our stores most assuredly have a comprehensive assortment of nearly everything needed in the operation of house cleaning.  
We have dry cleaners and polishes, disinfectants and antiseptics, grease and stain removers, moth balls and moth crystals, sponges, soaps of every kind, brushes, chamois and fumigators.  
One of the most popular disinfectants is Bowman's Car-bo-sol, selling at 10c, 25c and 50c.  
Bowman's Silver Polish, selling at 25c a bottle is also often called for by our old customers.  
We have two very popular cleaning compounds—Klenzol (selling at 25c and 50c) is a grease remover that can be used on the most stubborn dirt, catch fire, and Bowman's Chlorinated Soda is a preparation that removes fruit and coffee stains from linens. These two articles you should always have on hand.  
If you have had sickness in your house recently, it might be a good idea to use a good fumigator as the germs of disease often lurk around for a long time.  
**THE BUGS ON YOUR ROSES AND THE ANTS IN YOUR HOUSE**  
Do not let the bugs on your roses and the ants in your house worry you. They can both be controlled by the use of the proper preventatives.  
The little green bugs that are so busy now, eating your rose bushes, can be killed off in a few minutes by the application of Bowman's Rose-spray, which only costs 25c a bottle.  
The ants that are parading around your house can be kept out and killed off by the use of Argo Ant Poison, which costs 35c a bottle.  
These two preparations have received thorough test in the past few years, right here in this community, and are productive of results that justify the guarantee given. They are absolutely safe, as directed.

**SHAVING SUPPLIES FOR THE MAN WHO SHAVES**  
Razors, Stropps, Brushes and Soaps  
Whenever you are in need of shaving supplies of any description, you are more than likely to find exactly what you want at our stores.  
We endeavor to carry a complete assortment of all makes of safety razors, as well as the standard and established brands of old-fashioned razors.  
One of the most popular makes of safety razors is the Durham Duplex, which sells at \$1, including the case and three extra blades.  
The Sex-to-blade safety razor is also a steady seller.  
In addition we have Auto-Strop razors, Gillette razors, and several other kinds.  
Of course we carry stropps of all kinds, both of old fashioned and safety razors, also brushes, soaps and other shaving accessories.  
**BOWMAN'S SPLENDID COOKING EXTRACTS**  
There is no article in the store that we sell with greater satisfaction than our cooking extracts. These extracts are put up in our own laboratories and we consequently know all about their quality.  
It is not possible, as far as the experience of our chemist is concerned, to make a better grade of lemon and vanilla extract than we manufacture.  
If you take an interest in your cooking, you probably know what a great difference there is in flavoring extracts.  
We charge 25c a bottle for these extracts, which is probably no more than you have been paying for inferior grade.  
**A SOOTHING FACE PREPARATION FOR SHAVING**  
You lose part of the pleasure of shaving yourself if you do not use a good soothing face preparation after performing the operation.  
Our chemist has succeeded in producing a combination of Bay Rum, Witch Hazel, menthol, and borated, which

**A POISON OAK REMEDY OF REAL MERIT**  
Used for Years By Our Patrons  
More people than you can imagine have reasons for thanking us for calling their attention to Taylor's Poison Oak Remedy.  
This lotion has been sold at our stores to the people of this vicinity for a great many years, and as a consequence has been thoroughly tried out.  
As a preventive of poison oak, Taylor's Poison Oak Lotion has been wonderfully successful.  
It should be applied upon the face and hands before going into the vicinity of poison oak.  
If you are so unfortunate as to become afflicted, you will find that the same remedy is helpful in effecting a cure.  
It has no disagreeable odor and does not stain the clothing.  
It comes in both liquid and cream form and sells at 25c.  
**ALARM CLOCKS**  
It was only a few months ago that we felt like apologizing when anyone asked for an alarm clock, because our stock was sadly depleted, and it seemed almost impossible to get supplies from manufacturers.  
We have a good assortment now, however, and are glad to announce all kinds, at all prices, from \$1.75 upwards.  
We have "Big Bells," "Baby Bells," "Sleep Meeters," "Brownie" alarms with full radius faces, "American" alarms, "Larks," etc.  
You do not have to get up early in the morning to buy these clocks, but if you own one and set it right, we will guarantee that it will perform its duty in an exceedingly persistent and agonizing manner.  
This lotion comes in an attractive spritzer bottle and sells at 35c.  
Our friends are asked to try this preparation, with the understanding that if they do not find it to be unusually satisfactory, they are to receive a refund of their money, upon returning the bottle.

**WOMEN OF MIDDLE LIFE**  
A Dangerous Period Through Which Every Woman Must Pass  
Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound.

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my household work. Your medicine is certainly a woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. Those smothering spells, the dreadful hot flashes that send the blood rushing to the head and make it seem as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine. Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms. Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles. Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

**Store for Lease**  
Very desirable store, 20-ft. frontage; 100 feet deep, on 13th St., near Broadway, to lease; also space on second floor suitable for sample rooms or light manufacturing purposes. Apply Mr. Brown, Oakland Tribune Office.

**Chan Herbs Aid Stomach Trouble**  
Acute stomach trouble, which caused Mrs. A. C. Curtis, 1822 Chestnut St., Apt. 2, Oakland, suffering, yielded to the Y. L. Chan herb treatment, at 12 to 15 cents per box. Curtis's letter:  
TO WHOM IT MAY CONCERN:  
For five years I was a sufferer from stomach trouble, subject to indigestion, frequent vomiting, pain, constipation, the catarrh in the throat and head. I could not sleep at night, and when I did sleep had nightmares almost every night. I also had difficulty controlling the movements of my arms and legs. I was greatly troubled by nervousness, without any relief. Then I began treating with Y. L. Chan's eminent Chinese Herbs, having been recommended to him as the best herb specialist in the community. I am now entirely well, and have gained 22 pounds in 15 weeks under his care. I am glad to recommend him as the best herb specialist in the community. Anyone interested may talk to me on the subject by phoning Lakeside 4542. (Signed) MRS. A. C. CURTIS.

**NATIVE SONS TO MEET AT STOCKTON IN CONVENTION**  
Forty-fourth Annual Session to Commence Monday; Many to Attend.

Native Sons of the Golden West will hold their annual grand parlor session at Stockton, commencing Monday, April 18, and lasting throughout the week. This is the forty-fourth annual meeting. Stockton Parlor No. 7, the largest parlor in the order with 1000 members, will be the host to the visiting Natives, and has made elaborate arrangements for their entertainment. The business sessions will be held in the Masonic auditorium on Monday, Tuesday and Thursday, leaving the delegates free on Wednesday to take a sight-seeing trip through the surrounding country. On this trip the delegates will be met at a barbeque luncheon of the Lodi Native Sons and Daughters.

The delegates will be welcomed to Stockton on Monday night at a reception to be given by the Stockton Natives. Governor William D. Stephens and the members of the State Legislature have been extended an invitation to be present, and many prominent citizens from all parts of the state are also expected to attend. Tuesday evening the grand hall of the Natives will be held. This affair always attracts a great deal of attention whenever held, and this year promises to be no exception. Earlier in the evening Past Grand President H. R. McNoble, a resident of Stockton, will be the host of the visiting past grand presidents at a banquet at the Hotel Stockton. This will be the annual reunion of the "elder statesmen" of the order. Wednesday evening the delegates will hold their annual banquet in the Masonic auditorium, while the ladies of the visiting party will be guests of Joaquin Parlor No. 5, Native Daughters, at Native Sons' hall. A program has been provided for both entertainments.

The officers who will preside at the session are: Junior past grand president, W. F. Cault, San Francisco; grand president, James F. Hoey, Martinez; grand first vice-president, Wm. I. Traeger, Los Angeles; grand second vice-president, Harry G. Williams, Oakland; grand third vice-president, Wm. J. Hayes, Berkeley; grand secretary pro tem, Louis H. Mooser, San Francisco; grand treasurer, John E. McDougald, San Francisco; grand marshal, H. E. Scudder, Sebastopol; grand inside sentinel, L. H. Rutter, Merced; grand outside sentinel, John S. Ramsay, San Francisco; grand trustees, John J. Monteverde, Sacramento; H. G. Bodin, Los Angeles; Edward J. Rynel, San Francisco; Chas. A. Thompson, Santa Clara; James A. Wilson, San Francisco; Frank M. Carr, Hayward; Arthur M. Dean, Redding; organist, Henry G. W. Daniel, San Francisco; historiographer, Frank O. Merritt, Oakland.

**CITY ELEVATOR REPAIRED**  
After being out of action several days, No. 2 elevator in the southeast corner of the city hall resumed business today, equipped with new cables.

**Millions Use "Gets-It" For Corns**  
Stops Pain Instantly—Removes Corns Completely.  
Everybody, everywhere needs to know what millions of folks have already learned about "Gets-It," the

**End Your Corns With "Gets-It"**  
guaranteed painless corn and callus remover. Any corn, no matter how deep rooted, departs quickly when "Gets-It" arrives. Wonderfully simple, yet simply wonderful, because all soreness stops with the first application. Get rid of your corn and your shoes that fit Big shoes simply make corns grow bigger. Your money back if "Gets-It" fails. The genuine "Gets-It" costs but a trifle everywhere. Mfg. by Lawrence & Co., Chicago.

**Public Thanked for Aid in Irish Relief**  
SAN FRANCISCO, April 14.—A message of thanks to the generous donors who sent Northern California "over the top" in the \$150,000 drive for the relief of Ireland's distressed women and children, was issued today by Richard M. Tobin, chairman of the Northern California committee for relief in Ireland. Announcing that the district had reported to headquarters cash and pledges totaling \$11,534, Tobin also expressed the gratitude of the executive committee to the Army of volunteers workers who verified the message of Ireland's distress to the people of California. Official announcement of the success of the district's goal was made at an enthusiastic luncheon of campaign executives and team workers in the Palace hotel.

**Mrs. Barbara Zane, Governor Stephens' Daughter, to Wed**

MRS. BARBARA STEPHENS ZANE, daughter of Governor Stephens, who will wed physician. With Mrs. Zane is pictured her daughter.

**Engagement Is Announced to Dr. John R. Osburn of Minneapolis.**

SACRAMENTO, April 14.—A quiet wedding ceremony on April 25 will mark the marriage of Mrs. Barbara Stephens Zane, daughter of Governor William D. Stephens, to Dr. John R. Osburn of Minneapolis. It was said today following the formal announcement of the betrothal made by Governor and Mrs. Stephens. The ceremony will take place at the governor's mansion here. Mrs. Zane is the widow of Major Randolph T. Zane of the United States Marine Corps, who died in France of wounds received during one of the first engagements participated in by American troops. She has a five-year-old daughter, Marjorie, who is now acting as sponsor at the launching at Mare Island of the torpedo-boat Zane, named in honor of her father. For the past three years Mrs. Zane has made her home with Governor and Mrs. Stephens. She is their only daughter. Dr. Osburn is the son of Dr. Howard Osburn, who lived in Virginia. He is now associated with the Nicolet clinic in Minneapolis and is a graduate of the University of Maryland. During the war he served in the medical corps of the United States navy.

**CONVICT SULLIVAN OF BANK ROBBERY**  
John A. Sullivan, San Francisco insurance broker, and "master mind" of the "Thirty Strongs" gang that has just been broken up by the authorities, was convicted of robbery in connection with the Alvarado bank holdup by a jury before Superior Judge L. S. Church last night and will be sentenced next week to a term of from 1 to 50 years in prison. After a trial lasting more than ten days and in which 25 witnesses were heard, the jury brought in a verdict of guilty following only an hour's deliberation. Sullivan planned the robbery together with Jack Beebe, Larry Fitzgerald, Spanny Valente, Murphy and others at the Howard street shack and furnished the car but was not present at the actual holdup, according to the testimony of Marion Appleton, his sweetheart, and of Prescott C. Rea and William Kirk, his former pals. The most startling testimony was given by Miss Appleton. Sullivan's sweetheart, who detailed the conversations of the gang.

**Regents Park Will Be Sold Off in City Lots**  
A decision by owners, of Regents Park, Berkeley, one of the best known tracts in the Eastbay section, to the effect that they have decided to close out their holdings for practically what it would cost to do the street work, was announced today by George Friend, Berkeley realty operator. Most of the owners live in southern California, according to Friend, and are engaged in other kinds of work, and have given instructions to close their holdings at a sale beginning April 16 and to continue until every lot is sold. Building operations in this district, Friend said today, have increased 60 per cent in the last 60 days because of the reductions which have been made in building materials. The drop in building materials, Friend says, history has proven will cause lots to go up in value. Lots are close to transportation and schools and have all improvements in.

**Floral Tribute to Lincoln at City Hall Plaza**  
In commemoration of the death of Abraham Lincoln the Women and Girls of '61 and '65 unveiled a large floral tribute at the Oakland City Hall Plaza at 2:30 o'clock this afternoon. This was the first time the local organization observed a public ceremony on the anniversary of the death of the Great Emancipator. The commemorative exercises were preliminary to a drive which is to be conducted to raise funds to erect a statue of Lincoln in the City Plaza.

**CROSS-COUNTRY GIANT AIRSHIP O. K'D BY U. S.**  
Plans for a cross-continent line of the giant aircraft which is capable of carrying thirty passengers, and which the navy department approved yesterday at Washington after a series of tests had been made, were announced today from the Ninth Corps army headquarters. The plans call for a western terminal of the airline at Oakland. Airmen yesterday completed a series of references with business men of San Francisco, Oakland, Portland, Seattle and Los Angeles regarding the feasibility of a coastwise big-airship line from the Mexican border to Canada. Air officials at Washington were so pleased with the tests made with the giant craft yesterday that they announced that the government will enter into a contract for ten of the big ships to be used by the war department.

**Big Launch Built At Hilmar High School**  
As the result of a complete course in building inaugurated at the school last year, the Hilmar Union High School of Irwin is the possessor of a fully-equipped pleasure motor-boat. The craft is 19 feet long, with a beam of 5 feet, and is capable of a speed of 25 miles an hour. In about two weeks, according to word received from Irwin today, the boat will be brought to Oakland and launched on Lake Merritt, where it will remain until it is sold, when the proceeds will go to the high school's mechanical department. The craft was built under the supervision of C. W. Horst, a licensed marine engineer, who acts for the school as instructor of shop work and auto mechanics. During the war Horst was employed by the government installing engines on ocean freighters.

**Stockton Municipal Hut Gives Last Meal**  
STOCKTON, April 14.—While the municipal hut will not close its doors, yet it has served its last meal to the homeless men who have sought shelter there since early in January. A total of 3380 free meals were served and hundreds of idle men given warmth, cheer and a place to sleep. The large building once occupied by the Stockton Athletic Club was offered free of charge for the purpose, to which it was quickly put.

**SENTENCED TO HANG**  
VANCOUVER, B.C., April 14.—Justice Murphy last night sentenced John Musky, a Russian, convicted on a charge of murder in connection with the killing of Jim Seryk last November, to be hanged July 8.

## ACTIVITIES OF WOMEN

### Betrothal of Piedmont Matron Interests Many

Eastbay society was appraised today of the betrothal of Mrs. Florence Blythe Moore, widow of A. A. Moore Jr., and former wife of the late Fritz Hinckley, Oakland capitalist, and Dr. William Everett Musgrave of San Francisco, who makes his residence at the Fairmont hotel. The marriage is planned for the early part of September.

For several months Mrs. Moore has made her home at the Palace, where she has entertained at many smart affairs. Mrs. Moore is the daughter of the late Thomas H. Blythe, multi-millionaire land owner. Her former home was in Piedmont, where she is one of the leaders in social affairs.

#### BETROTHAL SURPRISES FRIENDS AT TEA

The betrothal of Miss Cecil Carrick and William Paul Jaeger of Virginia was announced this afternoon at an elaborate tea for seventy-five guests, at which the bride-elect was hostess today at the Home club in Fourth Avenue Heights. Miss Carrick entertained in compliment to her cousin, Miss Catherine Dickson, University of California stu-

MISS CECIL CARRICK, daughter of Mr. and Mrs. James Baker Carrick of this city, whose betrothal to William Paul Jaeger of Virginia was announced at an elaborate tea today.

—Boye Portrait

dent, who will leave for an extended trip this summer.

Miss Carrick, who is one of the most attractive of the younger girls of the Piedmont set, is the daughter of Mr. and Mrs. James Baker Carrick and is a graduate of Miss Head's school. She attended the California School of Arts and Crafts.

Jaeger is purchasing agent for one of the large exporting and importing concerns in Honolulu.

The decorations for the tea this afternoon were in orchid tones—lilac, iris, peonies and other spring blossoms of that tint used in the appointments.

Assisting the hostess to receive were Mrs. Preston Higgins, Mrs. Eiling Arey and the Misses Lois

Turner, Mary Louise Myers and Frances Redman.

Mr. and Mrs. Frank Edoff will be hosts at a Sunday evening supper at their home in Vernon Heights, April 24. One hundred invitations will be extended for the affair at which intimate friends will assist the hosts in receiving.

Within the week invitations will be extended by Mrs. John C. Dornin of Encina road, Claremont Park, for a tea Sunday afternoon, April 24, more than 150 guests from both sides of the bay to be present. The Dornin home, one of the attractive residences of that district, is surrounded by lovely gardens and in

their spring dress will afford a delightful setting for the gathering of friends of the hostess. The younger girls will assist in receiving, and the day permitting, the affair will be all fresco.

Miss Marina de Lopez will be hostess at tea Friday afternoon for a coterie of friends at the Palace, a number of whom will be from the east side of the bay. Miss Lopez is the guest of her aunt, Mrs. de Her-

#### RETURNS TO HOME IN THE SOUTH

Miss Marie Patterson, daughter of Mr. and Mrs. Thomas E. Patterson of Los Angeles, who has been touring the East for six months, has been the house guest of Miss Harriet Campbell, daughter of Mr. and Mrs. W. H. L. Campbell of Claremont for a week. Miss Patterson left last night for her home in the south.

Bridge was the diversion of a group of friends who were entertained yesterday afternoon at the home of Miss Grace Jackson in Berkeley.

#### BRIDGE TEAS ON FRIDAY

Friday afternoon Mrs. William S. Theim will be hostess at a bridge at her home in Orchard Street, the affair to be informal.

The same afternoon Mrs. John T. Scott will entertain sixty friends at bridge at the Claremont Country club, tea to follow the session at the card tables.

Mrs. Frank Hunt Proctor will be hostess at tea on that day, entertaining at her home in the hill district, this, too, be an out-of-door affair, the weather permitting.

In Berkeley Mrs. Thomas H. Henshaw has asked friends to tea Friday to meet Mrs. Pearl Cawston Fillmore, who is home from Australia.

#### INFORMAL AFFAIRS FOR MONTH OF MAY

Miss Nancy Page will be a hostess in May, the earlier part of the month for a trio of brides-elect—Miss Gladys Dyedre, Miss Lucile Ginnoux and Miss Kathryn Fox.

Another affair planned for the coming month is that at which Miss Carol Badley will be hostess, when she will make Miss Dyedre her honor guest.

Mrs. S. G. Hinds entertained this afternoon at tea at the Claremont Country club, and a score played bridge during the later hours.

#### ALPHA PHIS ARE GUESTS

Mrs. Wilson Meyers (Mabel Wilson) was the motif for a smart tea this afternoon across the bay, when Miss Kathryn Kraft entertained at the home of her mother on Vallejo street for a group of the Alpha Phi sorority members.

The first of a series of bridge luncheons was given this afternoon by Mrs. Frank Hall at Sequoyah club for a score of friends. Tomorrow Mrs. Hall will give a similar affair, having a trio of honor guests—Miss Vera Hamilton, Miss Jean McKinney and Miss May Borchfield. Misses McKinney and Borchfield are from the East, while Miss Hamilton, who resides in Claremont, has been in Honolulu for several weeks.

#### ANNUAL LUNCHEON TO BE AT PALACE

The annual luncheon of the Pi Beta Phi sorority will be held Saturday, April 23, at the Palace hotel in San Francisco. Many of the active and Alumnae members from the east side of the bay will be guests.

Mrs. I. Harrison Clay will entertain May 5 at her home on Euclid avenue when Miss Virginia Smith, fiancée of Monroe Greenwood, will be the guest of honor.

### Civic League To Celebrate Lawn Carnival

By EDNA B. KINARD.

A "Glad-Day," celebrating a Shakespearean festival, is planned by Oakland Center, California Civic League, for Friday, June 2. The entire day will be reserved for mirth, with a box luncheon breaking into a continuous program of vaudeville and burlesque. Mrs. Mary Merrill will open her Broadmoor gardens for the carnival, to which all the center officers and members will be invited.

Shakespeare has lent inspiration to the reading of the public speaking section in the past week, and the dramatist's works will be called upon to contribute features to the program.

For hundreds of dollars was netted by Eboli Tuesday at a card party. When the pioneer club decided it was needful to redecorate its auditorium and stage, the April luncheon was eliminated to make way for a benefit party. More than 100 tables accommodated the guests, who found as favor dainty French bouquets to carry out the motif of the spring decorations.

Yesterday found a group of bay city club leaders in Sacramento on behalf of the community property bill before the legislature. At a meeting of officers of the California Civic League in San Francisco, presided over by Mrs. Frank G. Law, it was decided to bring every pressure to bear in getting the measure before the lawmakers. Mrs. Law, Mrs. Carl P. Williams, president of Oakland Civic Center; Mrs. McLaughlin, president of San Francisco Civic Center; and Mrs. Genevieve Allen were in the capital party.

A tentative program for the twenty-fifth annual convention of National Congress of Mothers and Parent Teacher Associations in Washington, D. C., April 26-29 is being received by local branches.

California will be strongly represented in the conference, which concludes a quarter of a century of work. Mrs. Harry Ewing of San Jose, state president; Dr. Jessie Russell of Glendale, past state president and chairman of the national department on legislation, with at least two Berkeley women, Mrs. Hubert N. Rowell, national treasurer, and Mrs. W. H. Marston, will make up the California delegation.

### Victims of Tornado Number Eight Dead

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

MELISSA, Texas, April 14.—Children of Melissa today set about affording relief to a large number of families made homeless yesterday by a tornado and fire which swept this little town causing the death of eight persons and the injury of many more. Five of the eight dead are negroes. Five persons were injured possibly fatally, while more than fifty received less serious hurts. The tornado struck the town from the southwest, demolishing virtually every building in the business district and razing many houses. Fire broke out soon afterward.

Pa was reading about a fellow with a million dollars and no appetite. That's because he never tried

(Best Corn Flakes Made)

—says Bobby

#### MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive looks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture by putting a teaspoonful of canthox (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is, its luster and softness are delightful.—Advertisement.

# NOTHING WRONG EXCEPT "RUN DOWN"

It's All Right—Lungs All  
Right But Blood Weak

NO ENERGY OR  
ENTHUSIASM?

It's When You Need Pepto-  
Mangan—The Red Blood  
Builder

When you feel weak and almost  
see a doctor and find out what  
"wrong" may be a serious illness. But  
many cases the doctor finds nothing  
really wrong except a general  
down condition due to the need  
tronger, richer blood.  
or over thirty years physicians  
e recommended Gude's Pepto-  
mangan to restore weakened blood  
to normal healthy state.  
Pepto-Mangan imparts to the  
id elements it needs to build  
vigorous men and women. Child-  
n whose blood is impoverished  
ome listless and pale and fail to  
up. Pepto-Mangan creates a sup-  
of nourishing red blood that  
es the cheeks glow, the eyes  
ricle and brings back the energy  
play or studies.  
Pepto-Mangan is obtainable in  
nd or tablet form, whichever  
ves most convenient. Both forms  
ess identical medicinal qual-  
ity.  
There is but one genuine Pepto-  
mangan and that is "Gude's." Ask  
r druggist for "Gude's" and look  
the name "Gude's" on the pack-  
e. If it is not there, it is not  
Pepto-Mangan—Advertisement

# U. S. ASKS AID OF ITALY IN AIR- SHIP ERECTION

Skilled Engineers Sought in  
Development of Mammoth  
Dirigibles.

ROME, April 14.—The United  
States has asked the Italian govern-  
ment to lend to America the services  
of an engineer skilled in the con-  
struction of semi-rigid dirigible air-  
ships and several other men to aid  
in the building in the United States  
of craft like the Roma, the big dirig-  
ible purchased from Italy. The  
Italian government has granted the  
request and the Italian engineer  
Celestino Usselli, designer of the  
Roma, will supply plans and instruc-  
tions for the proposed American  
craft.

It is understood that the Ameri-  
cans have intimated that they would  
be glad to have the services of Sig-  
nor Nobili, the builder of the Roma,  
and also his Italian crew to aid in  
the building. It is stated that the  
American airships of the same kind  
as the Roma are to be five meters  
shorter than the Italian vessel bought  
by America, so that they can be shel-  
tered in the American hangars.

Signor Usselli is planning larger  
dirigibles for Italy.  
"This dirigible will be able to fly  
for 10 days consecutively and there-  
fore could make the tour of the world  
sighting only once," he says. "It  
will carry 100 passengers besides a  
crew of 25 and 10 servants and will  
cost 10,000,000 lire."

# Theater

## FULTON

Katherine Van Duren in "Puzzled  
Wives" at the Fulton shows that she  
knows very well how to wear beau-  
tiful gowns, and looking right along  
side of her are Miss Due, Miss Elson  
and Ruth Stone, in the latest of spring  
creations.  
Also of interest will be the fun  
created by Paul Harvey as a some-  
what stupid but good husband.  
His blunders are good for no end of  
laughs. The clever men of the Ful-  
ton, including John George, J.  
Taylor, Al Watson, Talbot Henderson,  
Lee Willard are all in summer tugs  
this week. All very good looking and  
all as sprightly as summer men are  
supposed to be at a summer resort.  
When the ladies are in evidence there  
is much life and sparkle to  
"Puzzled Wives."  
Next Sunday at the Fulton Bessie  
Bartissale will appear in person sup-  
ported by Howard Hickman and the  
Fulton Players. In Hickman's new  
play "The Skirt" Oaklanders will  
have the pleasure of witnessing for  
the first time on stage his newest  
comedy from Hickman's pen.

## T. & D.

Another Charles Ray success.  
"Nineteen and Phyllis" is turning  
clouds away at the T. & D. Theater.  
The Nineteen and Phyllis is the story  
of a toxic youth who wrestles  
with the problem of how he is going  
to support a wife when he gets one,  
and an elusive chase for a burglar  
with a reward on his head. Ray gets  
his burglar and the girl.  
Alice Lake appears in a second en-  
gaging play, "The Mist Wife."  
There are concerts by Forman's big  
orchestra and singing by the T. & D.  
Trio.

## AMERICAN

"Kazan," James Oliver Curwood's  
story of the great North, continues to  
be a magnet for playgoers at the  
American this week. "Kazan" is a  
story of thrills and surprises, telling  
a tale far different from anything ever  
written of the North. It has thrills  
galore, a big surprise at the finish,  
and is replete with tense dramatic  
interest.  
The George Ade feature, "Just Out  
of College," plays at the American.  
Rich and Jack Pickford are in a bubbling  
comedy of youth, modern industry  
and advertising, a la mode.  
Next Sunday comes Clara Kimball  
Young in her new offering "Straight  
from Paris."

## PANTAGES

Olga Steek will make her vaude-  
ville debut at the Pantages next week.  
Miss Steek has long been an Oakland  
favorite as a musical comedy star and  
best known for her work with the  
Wilbur Opera Company and with Kell  
and Dill in "The High Cost of Lov-  
ing." The Molera Revue, four men  
and three women in an operatic pro-  
gram, will be the Pantages' new  
feature. With the "Boob" with  
the Harmonica, Paul Kleist and Com-  
pany in a black art novelty. Perma-  
ne and Shelly in an instrumental pro-  
gram of violin and concertina. Hinkel  
and Mac, comedy singing and talking  
and the White Brothers in a comedy  
pantomime knockabout act are the  
other acts, novelties and features.

## CHIMES

Bert Lytell in his latest starring  
vehicle "The Misleading Lady," comes  
to the Chimes theater today. He was  
a woman hater until he met Helen  
Steele. Then she trifled with him and  
he got rough—so rough that he mar-  
ried her. It wasn't so much what she  
said as how she said it—nor yet so  
much as how she looked as how  
that turned Jack Craigan from a  
woman hater to a cave-man lover.  
Lucy Cotton, as Helen Steele, Cyril  
Chambers, Stephen Gratton, Arthur  
Hausman and Rae Allen contribute  
to the excellent cast.  
On the same bill will be presented  
Constance Binney in "Something Dif-  
ferent."

## LOEW'S STATE

"The Chicken in the Case," starring  
Owen Moore is the feature picture on  
view at Loew's State Theater until  
Saturday inclusive. The hero is a  
young man who tries to delude his  
girl, but she is a real guardian  
dian, into believing he is married  
and settled down, whereas he is merely  
single and trying to get enough  
money to settle up.  
Ruth Rogers and the Laurel Four  
are furnishing a delightful and  
melodious revue. A novel idea is  
being "put across" by Edward Hill in  
"Battle's Creation," the "Battle of  
the Lamps." Is the title of original  
eccentricities played by Plunkett and  
Remaine. Smith and Cook appear as  
the original two millionaires. Sena-  
tional roller skating is staged by  
Becky and Claus.  
Coming to the Loew's State next Sunday to  
Tuesday inclusive is Shirley Mason in  
"The Flame of Youth."

## FRANKLIN

DeMille's super-feature, "Forbidden  
Fruit," now playing at the New

## ORPHEUM

Four featured acts will be included  
in the new entertainment to be offered  
at the Oakland Orpheum for the week  
beginning with the matinee next Sun-  
day afternoon.  
The Ford family of dancers live up  
to the established traditions of the  
family. Among those who will ap-  
pear in the offering are Mayme Del-  
more, Edwin Ford, Lottie Ford and  
Bob Adams, with William Cutty at  
the piano.  
James C. Morton returns next  
week in a comedy travesty in which  
he is assisted by other members  
of the talented family, Mamie Edna  
and Alfred.  
Edith Clifford will be another fea-  
tured player next week. Miss Clifford  
has long occupied a high place in the  
vaudeville ranks of his greatest fun-  
makers. For a second big feature,  
Lying Lips will be offered.  
William Russell follows Saturday in  
"The Man Who Dared." Sunday will  
see a presentation of "Colorado" with  
Frank Mayo as the star.

## KINEMA

Crane Wilbur, former Oakland  
matinee maker, will make his big  
screen appearance since his departure  
from Oakland, in "The Heart of Mary-  
vill." He comes to the Kinema  
Theater for the week starting Sat-  
urday.  
Friday night will close the engage-  
ment of Elliott Dexter's "The Witch-  
ing Hour," the mystifying mystery  
play by Augustus Thomas.  
The story involves a fish gambler,  
who to save the youth to whom his  
niece is pledged, from the gallows  
diverts his energy towards the solu-  
tion of a series of murders. A series  
of events, a man-hunt, and an attempt  
to alter the decision of the Supreme  
Court with murky records of an old  
romance sustain attention in the un-  
folding of the story.

## MCARTHUR

The first important dramatic event  
of the year at the MacArthur will be  
Monday night when Marjorie  
Rambau in "The Sign on the Door"  
will move into that playhouse for a  
run.

For the first time in six years of  
continuous Broadway success, Miss  
Rambau is casting her art and her  
engaging charms to theaters outside  
the small dramatic circle that has  
been her domain for so long.  
No player of the present generation  
has enjoyed greater fame or more  
service popularity and in Channing  
Pollock's play Miss Rambau finds  
herself in happy company, for it is a  
drama of force and character, the  
most adept play of a decade, as one  
reviewer described it. In the role of  
Ann Hunnwell, this popular artist  
finds a rare opportunity for the dis-  
play of her great gifts.  
The current attraction is Alice  
Gentle in "Slippy McGee," which con-  
tinues for the balance of the week  
with final matinee Saturday.

## LOEW'S STATE

"The Chicken in the Case," starring  
Owen Moore is the feature picture on  
view at Loew's State Theater until  
Saturday inclusive. The hero is a  
young man who tries to delude his  
girl, but she is a real guardian  
dian, into believing he is married  
and settled down, whereas he is merely  
single and trying to get enough  
money to settle up.  
Ruth Rogers and the Laurel Four  
are furnishing a delightful and  
melodious revue. A novel idea is  
being "put across" by Edward Hill in  
"Battle's Creation," the "Battle of  
the Lamps." Is the title of original  
eccentricities played by Plunkett and  
Remaine. Smith and Cook appear as  
the original two millionaires. Sena-  
tional roller skating is staged by  
Becky and Claus.  
Coming to the Loew's State next Sunday to  
Tuesday inclusive is Shirley Mason in  
"The Flame of Youth."

# Lieut. Leovy to Tell Of Durrango Battle

Lieutenant G. J. Leovy will speak  
to Naval Reserve Officers at the  
Oakland City hall this evening. Lieu-  
tenant Leovy was in command of  
Group G of the sub chasers at the  
battle of Durrango, and will give the  
report of that engagement from the  
standpoint of an eye witness.

## HANGED SELF BY WIRE

HIGHLAND FALLS, N. Y., April  
14.—Richard E. Thibaut, wealthy re-

tired wall paper manufacturer, was  
found dead today, hanging by a piece  
of electric wire from a rafter in the  
barn on his estate at Central Valley.  
He had for some time been under  
the care of a New York specialist  
in nervous diseases. Thibaut was  
born in Milford, Pa., in 1853.

## OREGON FRUIT TREES HIT

MARSHFIELD, Ore., April 14.—  
Reports were received here today  
that hail which fell yesterday and  
last night has materially injured the  
fruit crop in Coos county as the apple  
and pear trees were nearly in full  
bloom.

# Bryan Asks Florida to Stop Rum Runners

TALLAHASSEE, Fla., April 14.—  
The Florida Legislature was asked  
yesterday by William Jennings Bryan  
to urge the Federal government to  
call the attention of Great Britain,  
to the illicit whisky traffic between  
the Bahamas and the Florida coast.  
Bryan addressed a joint session of  
the House and Senate, speaking two  
hours, dealing mainly with state  
issues.

# Alameda County begins a brighter, more attractive future.

Farewell, apathy—welcome; enterprise!  
From this time forward the citizens of Ala-  
meda County will cooperate with the Nation  
in promoting thrifty-looking, attractive homes.  
From this day, wasteful neglect of property  
will cease.  
Prosperity and cheerfulness will henceforth  
radiate from every home in city and county.  
Shabby, unattractive dwellings will be trans-  
formed into things of beauty.  
The wealth and progressiveness of this com-  
munity will be reflected as never before when  
Alameda County completes the work now  
expected of her.

# A NATIONAL "Save the Surface" CAMPAIGN IS IN PROGRESS. ALAMEDA COUNTY MUST JOIN AND PAINT, NOW!

Because of the war and other disturbing condi-  
tions, many property owners have neglected to protect  
their buildings with paint.  
This neglect is apparent, not only in the shabby  
appearance of the structures, but in their run-down  
physical state as well.  
Unless buildings are kept painted, the elements  
crack the joints, while rain, fog, wind and sun com-  
bine to further ravish the investment.  
Ignore civic pride, love of beauty—discount every  
aesthetic argument if you will, but the economical  
value of paint remains to challenge the thrifty prop-  
erty owner who would protect his buildings.  
The people of Alameda County are urgently  
requested to join in the great National movement to  
prevent the loss of property through neglect.  
Paint now! If you "save the surface," you save  
all! Don't wait—get in touch with your painter,  
or dealer at once!

# Now Is the Time to Paint!

RICHMOND office of The TRIBUNE is now located at 1015 Macdonald ave.; ph. Rich. 572.

**POLITICAL ADVERTISEMENT**

For a business-like, progressive and economical administration

**I want every voter in Oakland to know--**

—that I am applying for the position as Commissioner No. 1 in just the same manner as an applicant for any place of responsibility. YOU—voters and taxpayers—are employers of people to manage municipal affairs, and my application is based upon

**KNOWLEDGE, EXPERIENCE, FITNESS**

for the job. As a former member of the City Council and City Treasurer, my record is one of which I am proud, and one which YOU should consider when employing a Commissioner.

And I promise to introduce a measure which will mean AN ADDITIONAL REVENUE OF \$200,000.00, thereby reducing YOUR TAX RATE at least 10 cents!

**EDWIN MEESE**  
For Commissioner No. 1

**Divorce Decree Won by Poet's Daughter**

An interlocutory decree of divorce has been awarded to Mrs. Alice Bashford Smith, daughter of Herbert Bashford, playwright and author, from Clarence M. Smith, former aviator. Superior Judge P. R. Parker granted the decree. Testimony was furnished both by Mrs. Smith and by her father.

**Jewels Are Stolen During Her Swim**

Jewelry valued at \$750 was stolen from Miss Hazel Nichols' dressing room in Piedmont baths while she was in swimming last night. Among the articles reported stolen by Miss Nichols were a gold wrist watch, gold lavallier, gold diamond ring, ruby ring, silver pencil, silver mesh bag.

**SCHOLARSHIP IS CLUB MEN'S PLAN**

When the Stanford club of the Eastbay holds its next meeting, a week hence, the committee on ways and means of financing a scholarship to be supported by the Eastbay Stanford men for some deserving student each year will report on the proposed rules, which, it is asserted, will be accepted.

The committee's report, it is planned, shall become law in the club and will be used as the basis for selection of the youth to be sent to Stanford by the Alameda county men from the university. The report follows: "That a scholarship of \$500 a year be established beginning with the quarter June 21, 1921. The funds for the first year to be raised by an assessment of \$5 on each club member and former Stanford man in the Eastbay district, plans to be made for an endowment fund of \$10,000 to be raised through voluntary contributions.

**Bottling Soft Drinks Declared Fine Art**

Bottling soft drinks is an art, declared a soft-drink journal published in San Francisco, today in announcing a short course in soft-drink bottling which it has arranged for and which will be directed by experts from the University of California. The course will consist of a series of lectures, to be given in the Assembly room of the Phelan building in San Francisco. Two lectures will be delivered next Thursday evening, two on the following Thursday evening and the two concluding lectures on Thursday evening, April 28.

**Famous Tennis Stars To Give Exhibition**

Bill Johnson, former national tennis champion, and the Kinsey brothers, nationally known experts, are scheduled to play tennis at an indoor tennis exhibition which is to be held in the municipal auditorium Friday, April 23, at 4 o'clock, under the auspices of the Oakland recreation department. The purpose of the exhibition will be to create an interest in tennis among the school children of this city. Children will be admitted free.

**WIFE DIVORCED, BUT HUSBAND CAN VISIT CAT**

SAN FRANCISCO, April 14.—A 9-year-old cat, the custody of which was given to the wife, proved the bone of contention resulting in the granting of a divorce today to Mrs. Helen Lahaye, artist, from E. B. Lahaye, a local musician. According to the decree of Superior Judge Trout, Mrs. Lahaye is to have the cat, but her husband is given permission to see the animal whenever he desires. She gets \$20 a week alimony until \$1000 has been paid. The testimony showed that when the couple separated Lahaye took the cat with him. Had he left it with his wife there would probably have been no divorce suit filed. Cruelty was the charge and several instances were rehearsed by Mrs. Lahaye.

**Inheritance Tax Upon Brown Estate \$6260**

The inheritance tax on the estate of Mrs. Matilda Brown, mother of former Superior Judge Everett J. Brown, who died April 18, 1920, amounts to \$6260, according to a report filed with County Clerk Geo. E. Gross by the inheritance tax appraiser, A. T. Shine.

FORSBERG READY TO PLEAD GUILTY SAYS TALKING CAUSED TELLS OF EASE WITH WHICH HE GOT MONEY FROM WEALTHY PEOPLE.

Emil Forsberg will plead guilty to four counts in the indictment charging him with embezzling thousands of dollars and with forging two checks when he comes before Superior Judge L. S. Church for a plea today morning, according to Assistant District Attorney John U. Falkins.

Falkins is already in the hands of police and there is nothing now for him to do but to plead guilty.

On Monday, McGee, who took case when he thought that there would be a court fight in the matter, withdrew as counsel for the defendant when he found that Forsberg had offered to plead guilty.

It is not known whether Forsberg will be charged with any other crime. He is now being held in the city jail.

Forsberg is a native of Sweden and has been in the United States for many years. He is a well-known figure in the community.

FRUIT DAMAGED SOIL DRIED OUT BY NORTH WINDS

Weather Observer's Report Says Southern Part of State Heaviest Sufferer.

First official estimate of the damage done in the recent cold snap is contained in the weekly summary of weather and crop conditions prepared by Edward A. Benis, meteorologist for the weather bureau.

Continuing, it is declared: "In the Santa Clara valley, San Joaquin valley, and Southern California, almonds, apricots, early peaches, some prunes, cherries, plums, pears and walnuts were injured."

On the subject of crops and crop preparations, the expert says: "Considerable land has been prepared for corn and small amount has already been planted."

TRAFFIC RULES OF LA NOT FIT IN OAKLAND

Chief of Police Is Back From South After Studying the Methods There.

Now that Chief of Police Thompson has visited Los Angeles and examined all the traffic rules of that city, study is being made at police headquarters to see what can be adapted to Oakland from the many Los Angeles ideas.

There are two big factors in the Los Angeles system. One is an automatic crossing signal operated from headquarters.

As for the automatic system, it is too impractical. It allows traffic to go each way for forty seconds. We have found that that is not a desirable thing.

HOW RITA BROWN "TOOK" THE LEAD

I have traveled so little in my life that sleeping cars, and indeed, the very atmosphere of the big interstate trains affect me most pleasantly. I enjoy speculating as to the kind of persons who are behind the heavy curtains of the berths, wondering what errands of joy or sorrow, or sordid business or pleasure they are bent on.

"There were but three berths unoccupied in the car to which an obsequious porter conducted us when I finally reached the train, and a lady comparison of checks disclosed the fact that they belonged respectively to Dicky, Alfred and Rita Brown."

"Where is your drawing-room?" Rita Brown demanded impatiently, her voice sounding shrilly through the silence.

I saw the porter glance involuntarily, apprehensively toward the ruffled sign, placed conspicuously, which read:

"Passengers are sleeping. Please refrain from loud conversation."

"I felt a decided gain of distance or my enforced companionship with her the next few days. It was so eminently characteristic of her to have kept the drawing room check which Dicky had given her to use, if I didn't catch the train, instead of landing it to me upon my arrival."

Alfred interposed:

"Right at the end here, Miss," the porter said, after a hurried scrutiny of the check she handed him.

"Is it ready?" Still with shrill impatience.

"Won't take but a few minutes, Miss," the man returned with his ready, servile smile.

"Well, hurry as fast as you can then!" she demanded imperiously. "I am exceedingly tired."

"Suppose you tell us first where his room is located?"

Durkee's voice drifted behind us, holding out the check for the quarters which Leila and Edith were to occupy. I saw Rita Brown bite her lip at the rate, but her countenance brightened. It was too cleverly put on so she was capable of change with any emotion.

"The fire was an almost imperceptible but distinct change in the porter's manner as he turned to Alfred. Long experience with Lillian's Betty and other colored servants has taught me that no people in the world can so unobtrusively draw social distinctions as they. I knew that our colored attendant had tickled Rita Brown as decidedly 'not quality' in her own vocabulary, but that she distinctly approved of it."

Like, I foolishly writhed under the fear that because we shared the same room he would pin the same mental ticket upon her that he evidently had given Rita Brown.

SHE GETS THE CLOAK

He scrutinized the ticket carefully, then turned with a beckoning gesture.

"Right this way, sah. It's jest the next car," he said, looking at me, he said deferentially.

"And yoh, Miss?"

"She is with me," Rita Brown put in quickly, insistently, while I wondered anew at her offensiveness. Evidently she would state her opinion, her petty, ridiculous desire to be considered the leading spirit of the expedition.

The porter bowed vaguely in her direction and looked at me.

"If yoh ladies will jest come along to the next car," he said deferentially, "there's a vacant section where yoh gals can be comfortable until I get yoh garters made up."

"Thank you," I said quietly, but Rita Brown bristled.

"I never saw such accommodation," she said crossly. "Fancy having to wait the next car to wait for one's berth. I've never had to do that before."

I reflected sardonically that in all probability she had traveled as little as I, and I was not to be made to make no comment agreeing with her, I said nothing, but followed the porter down the aisle.

As we walked past Maj. Grantland Rita Brown looked at him with the handsome cloak which still hung upon his arm.

"Aren't you afraid to keep so wonderful a thing as that in an ordinary street?" she asked provocatively.

It was patent to the most unobservant person that she expected him to ask her to take charge of the beautiful garment. But he hesitated oddly before he replied.

"I intended to ask Mrs. Graham if she perhaps would like to keep it with her. These rooms get very cold sometimes," he said.

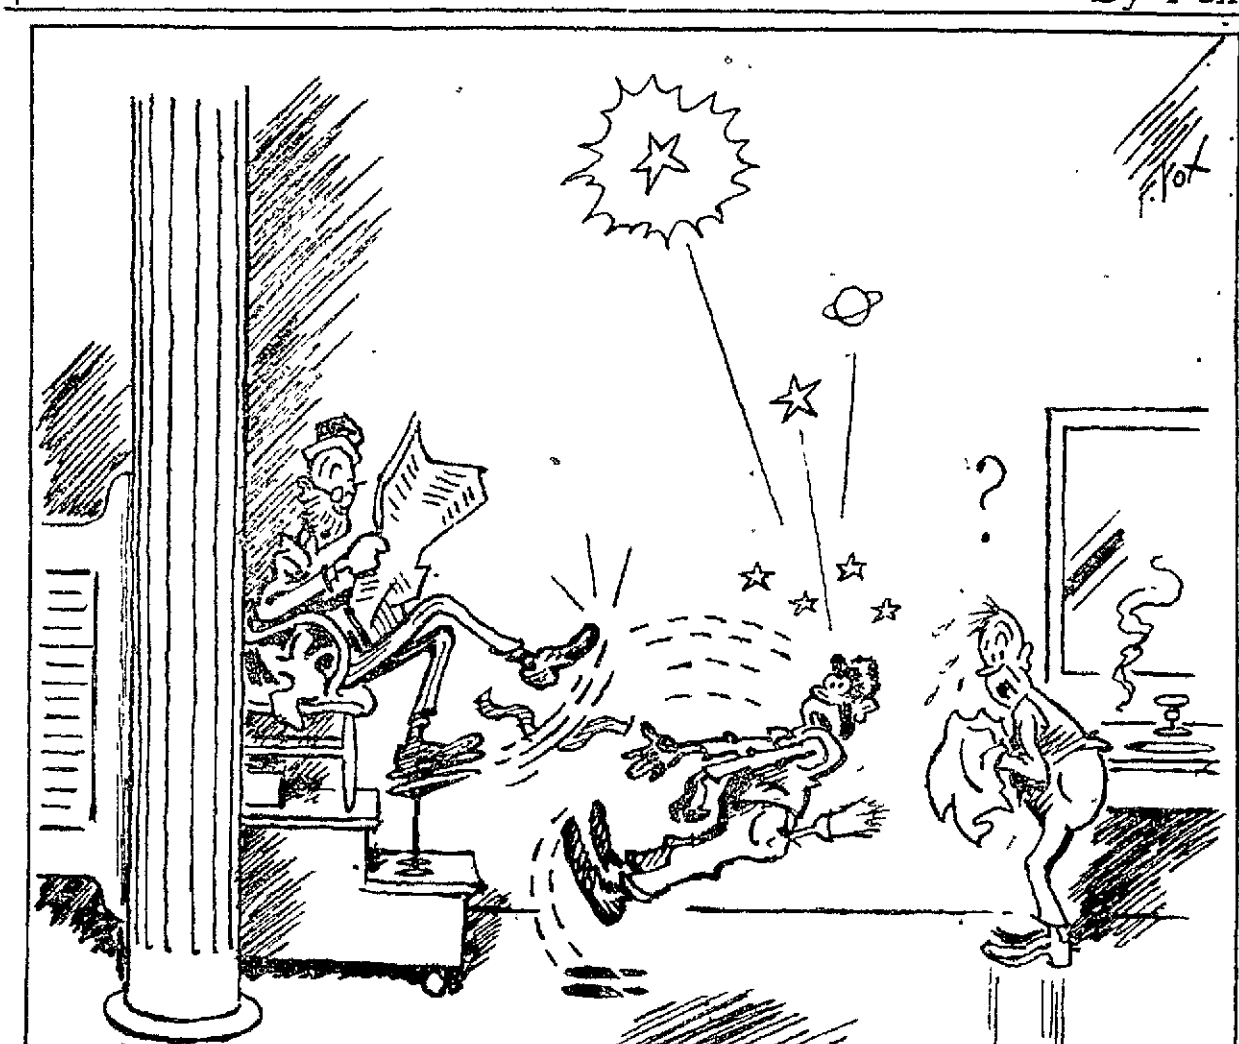

"Far better trust it to me," Rita Brown retorted laughingly. "Mr. Graham is too shy to make use of it on her own initiative if she froze to death for the want of it."

She took the cloak from his arms, for he made no movement to give it to her. And as I followed her down the aisle I didn't know which emotion was the stronger—her pride or her anxiety. She looked so pale and nervous that I gathered in Dicky's eyes.

## The Absent-minded Professor

By Fox

WHILE HIS SHOES WERE BEING SHINED THE PROFESSOR BECAME QUITE ABSORBED IN AN EDITORIAL AND PROCEEDED TO CROSS HIS LEGS.

## August Folk

By Edgar A. Guest

I got a cawick, an' it stands up straight, an' I got dirty hands, An' if it shows a single speck I have to go an' wash my neck. An' every day Ma squints an' peers to see if I have washed my ears: But I ain't ever really neat All on account of havin' feet.

These feet of mine are always wrong, I mustn't shuffle 'em along. Or kick a stone that's in the way, Or if I do someone will say: "I wish you'd lift your feet a bit. The way you walk gives me a fit! Those shoes were new a week ago. An' now you've busted out the toe."

They're always peckin' at me, too, For standin' like the fellers do. An' just because my toes turn in, The teacher makes the pupils grin. By tellin' me ten times a day:

(Copyright, 1920, by Edgar A. Guest)

## Famous Wits of History

When Washington Beat an Indian at His Own Game.

It must have been a shock to Washington to have had an Indian reproach him for failure to live up to a form of hospitality. For Mt. Vernon was always known as the most hospitable of homes, and during the war Washington wrote his wife that no one should ever be turned from their door hungry.

The Indian who reproved Washington was an old chief. He had met Washington when he visited Ticonderoga. This chief, happening to be in Virginia, called on Washington, and was most cordially welcomed and entertained. After dinner, however, instead of thanking Washington, the chief showed signs of disappointment and chagrin.

Through the interpreter, Washington asked the reason. The chief stood erect in his outraged pride, and declared that Washington had not shown him the same degree of hospitality which he had shown Washington at Ticonderoga. He offered Washington the embraces of his wife. But now that he had come to Mt. Vernon, Washington had not returned the courtesy by a similar offer.

When Big Bear came to him, extending his hand for a friendly greeting, Washington then but a youth, looked the burly chief off guard, caught his hand with his powerful grip and made him roar and do an agonizing little dance.

The by-standers laughed long and loud.

By the by, the chief was not a youth, but a man of about 40 years of age.

When Big Bear came to him, extending his hand for a friendly greeting, Washington then but a youth, looked the burly chief off guard, caught his hand with his powerful grip and made him roar and do an agonizing little dance.

The by-standers laughed long and loud.

By the by, the chief was not a youth, but a man of about 40 years of age.

## Foibles of Famous Folk

Written by Themselves.

Josef Hofmann

What is your name in full?

Ans.—Josef Hofmann.

Have you ever had a nickname?

Ans.—None.

What was your favorite sport?

Ans.—Skating.

What athletics did you engage in when you were in school?

Ans.—Skating, bicycle, tennis, sailing.

How did you happen to meet your wife and where did you meet her?

Ans.—When visiting Harry P. Whitney in Alaska, S. C., 1880.

What was your hobby today?

Ans.—Mechanics.

What was your ambition when you were a boy?

Ans.—Sports.

What was your present profession?

Ans.—Father and mother were musicians. Started playing piano when 7 1/2 years old. Played in public (Poland) when 5 years old.

If you had your life to live over what profession would you choose?

Ans.—Same.

What would you do with a million dollars if you had it to give away?

Ans.—Teach children to work and think.

(Copyright, 1920, by Edgar A. Guest)

By the by, the chief was not a youth, but a man of about 40 years of age.

## Listen, World!

If there's anything I dread it's a Womanly Woman. I've accustomed myself to the proximity of Rattle Snakes, I've slept composedly with prairie wolves snoring my snores. I've mixed up with Mountain Lions and still kept my dinner engagements. But a Womanly Woman will send me stampeding over the range with nothing left to my expression but whites of my eyes.

Most beasts of prey, carry their weapons of offense in plain view. You know and see one's intentions for a purpose when he opens his mouth and begins to wag his tail.

But do you know a Womanly Woman's purpose when she opens her mouth? Not on your life you don't! And what's more, you'd better not linger around trying to find out. If you're going to pursue happiness, do it somewhere else and do it quick.

Women are all right, if they'd be content to regard themselves and be regarded merely as humans. They are born with just the same possibilities as men. They're just as sensitive, hardy, brave, timid, curious, resourceful and helpless as men.

They're just as cowardly, stupid and mean to tackle a job, they called "sensitive" or "feminine helplessness or fineness." Then, if they were clever, they made eyes at some husky fellow and began to do it.

They're just as smart as men, they're not clever they don't make the eyes, but they get him to do it anyway. The main thing is to avoid "sensitive" to avoid direct action. They're just as smart as men, they're not clever they don't make the eyes, but they get him to do it anyway.

They're just as smart as men, they're not clever they don't make the eyes, but they get him to do it anyway. The main thing is to avoid "sensitive" to avoid direct action.

## CONSOLIDATION IS MENACE TO CITY, ASSERTS ATTORNEY

County Division Threatens in  
Background, Says  
E. J. Silva.

Warning that in the alternative lies county division and that in county division Oakland will suffer decline of her business and industrial prestige, was uttered before the session of the Progressive Business Club at the Hotel Oakland yesterday by E. J. Silva, Alameda and Oakland attorney.

"There is no doubt that Alameda, on election, will vote against consolidation as a whole," declared Silva. Silva spoke in reply to E. A. Vandeventer, who talked favoring the submission of the coming charter in the alternative and who admitted the extreme unpopularity of county division. He controverted Vandeventer's opinion that Alameda could not, under certain contingencies, be annexed to San Francisco county, not only giving San Francisco a hold in the Eastbay thereby, but losing to the Eastbay the Alameda naval base.

### CONSTITUTION QUOTED

The attorney quoted Article XI of the Constitution governing alteration of county lines to show that it lay within the power of the Legislature to transfer Alameda to San Francisco if cut off in consolidation proceedings.

Silva asserted that Berkeley and Albany could, under the law, form a separate city and county government, and that declarations of such intention directly would then proceed by those sections, whereas Alameda, because of insufficient population, was debarred from similar action, but might.

The speaker declared his belief in the fallacy of the argument that it will require a majority vote of the whole county to divide the county sections. He said that in the alternative, and analyzed county registration figures to show that on the basis of total registration, there is now in Oakland a majority of more than 65,000 votes over the total vote of the county outside the city.

"In view of these circumstances, with Oakland voting affirmatively, your city probably would have no difficulty in bringing about individual consolidation," he said. "This brings us face to face with county division. We feel that division at this time would be a great mistake, because Berkeley could then proceed to separate city and county organization without further consent."

**PROGRESS MENACED**  
"In the event that you divide up the county, you will have divided the city of the major business counties in the state, and Oakland will lose in trade and industry, because I believe that trade inevitably follows the county seat."

Asked if he did not believe that if consolidation of the entire county was possible it would result in reduction of the tax rate, Silva declared that proponents of the consolidation plan never had shown in more than generalized and broad statements where a saving would be made. He pointed out that under existing laws most of the joint activities that are provided from consolidation would be permissible without it.

Vandeventer, who opened the debate, confined himself to the alternative and his advocacy of it devoted itself to attempting to prove that Alameda could not become a part of San Francisco. He did not deny the possibility of county division.

No expression of sentiment was attempted under a club rule forbidding collective consideration of political matters.

**CIVIL SERVICE EXAMINATIONS**  
The United States Civil Service Commission announces an examination to fill the position of postmaster in the United States Coast and Geodetic Survey. As a sufficient number of eligibles have not been obtained from previous examinations and as the needs of the service are urgent, applicants should apply at once to the local secretary, Post Office Building, Oakland, Calif.

## ECZEMA IS ONLY SKIN DEEP

No internal medicine will cure Eczema. Only by the application of CRANOLENE, the great skin medicine, can it be cured. Proves this statement for yourself. Write for free literature to Dr. J. H. Crane, 1111 Broadway, New York City. Write to him for a free trial bottle of CRANOLENE. It is the only skin medicine that has been used for over 50 years. It is the only skin medicine that has been used for over 50 years. It is the only skin medicine that has been used for over 50 years.

## Cleansing the Blood Ends Many Torturous Skin Troubles

Many fever epidemics are caused by impurities in the water supply, and are ended only when the water is purified. Many itching skin troubles are caused by impurities in the blood supply, and can be stopped only when these are driven out.

When you itch, itch, itch all day with flaming torture that drives you mad, you should look deeper than the skin itself. The cause of your trouble may be far down in the blood stream, and require an internal treatment that will purify it before you can get relief. Any other course would be treating symptoms rather than the cause.

## S.S.S. FOR THE BLOOD

Arthur R. Hollingsworth, 23, Orris Springs, and Lorraine T. Sylvester, 23, Oakland.

Harry C. Whitford, 26, and Frances E. Cosgrove, 26, both of Oakland.

### MARRIAGE LICENSES

In San Francisco County, Antonio Begovich, 23, and Maria Yelincio, 21, both of Richmond.

### IN MARIN COUNTY.

Otto Gibson, 24, and Luella Atchison, 22, Oakland.

### Divorces, Suits Filed

Florida M. vs. Journey W. Casey, cruelty.

Maud V. vs. Earl B. Lanz, cruelty.

Ida M. vs. John K. Evans, desertion.

Antoinette vs. Frank A. Forbes, secret file.

Katherine vs. Walter Hamilton, cruelty.

Alexander vs. Manuel P. Cambar, cruelty.

### DIED

**CAMPBELL**—In this city, April 11, 1921, Marshall B. Campbell, loving husband of Lillian B. Campbell, a native of Kentucky, aged 28 years 1 month.

Remains at the parlors of the Oakland Undertaking Co., 3479 Piedmont ave., Oakland, until 10 a. m. Tuesday, April 12, for interment, Mount Hope cemetery.

**DAWSON**—In Elmhurst, Cal., April 11, 1921, Ruth Dawson, Campbell, beloved wife of the late Joseph A. Dawson, a native of England.

### CARD OF THANKS

The family of the late L. Campbell wishes to thank their many friends for their kindness and lovely floral offerings in their late bereavement. Special thanks to the officers and members of the Woodstock Lodge No. 491, F. & A. M., Alameda, and Mrs. M. CAMPBELL AND FAMILY.

### What's Happening in the Motor World

President R. H. Collins of the Cadillac Motor Car company, in a statement first made public a few days ago reminds the buying public that there will be a shortage of Cadillac motor cars during the spring and summer. He goes on to say, "That thousands of disappointed purchasers who have disregarded similar warnings in former years, have gone without a Cadillac, though this was the particular make of vehicle desired."

His statement continues: "This spring and summer will be no exception to the general rule and from all indications the shortage this year will be more pronounced than ever before. Another important feature of the announcement was the statement that there would be no change in the price of the Cadillac motor car during the year 1921. Of late there have been many increases in prices announced but we have made plans far enough ahead to know that present prices will remain stable."

"The Cadillac factory is being moved into the new plant in Detroit and in time this will enable production to be greatly increased, but the increase can only be gradual during the next six months."

"There is already a shortage in certain types of our cars and as the spring and summer trade opens up this shortage will extend to the various open models. In the spring the demand for seven-passenger touring cars and four-passenger

## MRS. GRAHAM IS GIVEN DIVORCE IN TULSA, OKLA.

Wife of California Millionaire  
Oil Operator Wins in Her  
Domestic Contest.

Domestic troubles which threatened to separate Mrs. Lee Eleanor Graham from her husband, William Miller Graham, multi-millionaire oil operator of California, in 1915 finally triumphed and Mrs. Graham was granted a divorce in Tulsa, Okla., January 22 last.

It is disclosed in advices received last night by friends of Mrs. Graham in San Francisco.

The Grahams were married on August 18, 1889. She charged Graham with desertion and with having refused to support her or her daughter, Graham, in a cross-complaint, declared Mrs. Graham had deserted him and had refused to return to him. He asked that her petition for a divorce be denied.

According to telegrams received by San Francisco friends of the couple Judge Owen of Tulsa, where the trial was held, granted Mrs. Graham the divorce.

Mrs. Graham in 1915 filed divorce action in Santa Barbara, charging cruelty. This action later was withdrawn after Earl, a son, who is as-

## HORTICULTURAL INSPECTORS' BILL MEETS DEFEAT

Sharkey Loses Hard Fight to  
Secure Part Time  
Employment.

TRIBUNE BUREAU, SACRAMENTO, April 14.—No county will have the option of hiring horticultural inspectors for part time instead of for the full year as a result of the defeat of a bill offered in the Senate by Will R. Sharkey of Martinez. Sharkey fought for his measure up hill and down, but was beaten on the ground that it would destroy the uniformity of the state's work in protecting the fruit crops against pests.

Sharkey has another big fight on with his bill which would prohibit railroads from requiring employees to ride on top of moving freight trains, except in certain cases.

Sharkey explained that his bill was aimed to correct a custom of requiring brakemen to ride the cars when it was not necessary. Because Senator Nelson has some amendments exempting small roads which do not use air brakes and requiring men to be on the car tops on grades, the bill has been put over. There are indications of a close vote.

Associated with the father in business, induced his mother to become reconciled with Graham.

The Graham home, "Bellos Grande," on the ocean shore and bordering Montecito, near Santa Barbara, has been known as one of the state's show places.

## Destroyed Santa Barbara Hotel May Be Rebuilt

SANTA BARBARA, April 14.—While an investigation was under way today to determine the cause of a spectacular fire which destroyed the Ambassador hotel here late yesterday, with an estimated total loss of about \$1,250,000, a checking of the 110 guests and 200 employees shows that so far as is known no one was injured.

It was stated today that the total insurance carried on the building and its contents was \$492,000. There were numerous privately owned stores in the building. Most of the stocks of these were lost, as was much of the luggage of the hotel's guests.

### OPERATOR GIVES ALARM

The flames, which were discovered near the desk of the hotel's auditor by a telephone operator, spread with such rapidity that the fire-fighting apparatus of Santa Barbara and nearby cities could not check its progress. The firemen crowded in, saving valuable detached buildings. A high northwest wind drove sparks from the burning structure out to sea and firemen were thereby aided in protecting nearby buildings.

The Ambassador, which had long been a favorite stopping place for millionaires, was opened in 1902 as the Fuller hotel. A few years ago it was taken over as one of a chain of national hotels and named the Ambassador. In 1919 it was taken over by the S. W. Strauss Company and renamed the Ambassador. No announcement had been made today that the hotel would be rebuilt. G. A. Shollen, general manager of the Ambassador hotels in the West, stated, however, that he presumed the grounds would not remain idle.

### HEROISM AND COMEDY

Stories of scenes which ranged from heroism to melodramatics and serio-comedy, were being told today following the fire.

## Destroyed Santa Barbara Hotel May Be Rebuilt

SANTA BARBARA, April 14.—While an investigation was under way today to determine the cause of a spectacular fire which destroyed the Ambassador hotel here late yesterday, with an estimated total loss of about \$1,250,000, a checking of the 110 guests and 200 employees shows that so far as is known no one was injured.

It was stated today that the total insurance carried on the building and its contents was \$492,000. There were numerous privately owned stores in the building. Most of the stocks of these were lost, as was much of the luggage of the hotel's guests.

### OPERATOR GIVES ALARM

The flames, which were discovered near the desk of the hotel's auditor by a telephone operator, spread with such rapidity that the fire-fighting apparatus of Santa Barbara and nearby cities could not check its progress. The firemen crowded in, saving valuable detached buildings. A high northwest wind drove sparks from the burning structure out to sea and firemen were thereby aided in protecting nearby buildings.

The Ambassador, which had long been a favorite stopping place for millionaires, was opened in 1902 as the Fuller hotel. A few years ago it was taken over as one of a chain of national hotels and named the Ambassador. In 1919 it was taken over by the S. W. Strauss Company and renamed the Ambassador. No announcement had been made today that the hotel would be rebuilt. G. A. Shollen, general manager of the Ambassador hotels in the West, stated, however, that he presumed the grounds would not remain idle.

### HEROISM AND COMEDY

Stories of scenes which ranged from heroism to melodramatics and serio-comedy, were being told today following the fire.

## SHORT LINE MEN SEEK IN VAIN TO REACH GOVERNOR

Delegation in Vain Skirmish  
On Bill to Decrease Their  
Tax Rate.

TRIBUNE BUREAU, SACRAMENTO, April 14.—By letter, delegation and messenger service, the King tax bill, in miniature, is being fought all over again in the capital corridors. The new skirmish was occasioned when the short line railroads appeared with a bill designed to decrease the rate of taxation in their case and sought to have the matter given official recognition.

A delegation of the short line men have tried three times to secure an audience with Governor Stephens, but on no occasion have they succeeded in passing. Martin Madsen, secretary to the governor, Madsen has told them that the King tax bill is settled and a thing of the past, and that there is no chance in the world for them to have an argument with the governor. Failing in their plan to invade the capital in person, the short line resorted to strategy and sent a messenger to the governor's office with a request for a hearing. Madsen signed the slip accompanying this message, but that is all the evidence the short line men have that the message got by the door.

Now there is a great ado in short line circles with many protestations concerning the merits of their arguments and it appears as if the only satisfaction the rail men will get is the opportunity to proclaim their wrongs.

### RECOVER LIBERTY BONDS

ST. LOUIS, Mo., April 14.—Three thousand dollars in Liberty bonds stolen in the March 1 mail robbery at Jefferson City and \$200 in similar securities stolen in the February mail robbery at St. Charles, were recovered here today with the arrest of David Schwartz, who is alleged to have sold the bonds to Benjamin Grabsinsky.

Bear's—better cake—15c—Ad-vertisement.

## "A right-about-face in the Shoe Business"

The New "SPAD"—Speaking of the sensitive Regal feeling for the finer tastes in style, note the lines of this Strap Pump. Two straps, vanishingly short, toe drawn a little finer than usual. Full quarter lining of kidskin. Made of medium shade Russia Calf. Also in Black Calf at \$9.50.

The New "SPAD"—A Brogue crafted in Dark Brown genuine Calfskin—a most unusual wing tip mode, full performed and pinked. Sole of walking weight. Heel 1/4 inch high and flanged.

## What Regal has done to the high-price-shoe habit

WHEN people's conscience begin to hurt about how they spend their money, the result is felt throughout a nation.

Think back a little and see how folks acted about shoes.

People were rather proud to pay fifteen, eighteen and twenty dollars for footwear, even if they did do a little grumbling on the side.

Who questions that many of these same men today are ashamed to pay such prices?

When, a month ago, the Regal shoe-makers announced a right-about-face in the shoe business they got an immediate response in every one of their 57 factory-owned stores.

It has taken only thirty days for Regal to prove that a right-thinking shoe policy can get prompt support from that public which is right-thinking enough to find out that snob shoe prices do not have to be tolerated.

Regal shoes for Spring are \$7.50, \$8.50 and \$9.50.

He selects from 65 authoritative custom lasts. He could scour the country and not find a dozen exclusive styles that are not included in the 1921 Regal line.

All Regal leathers are genuine.

Regal cordovan is genuine horse-hide. Regal kid is genuine goat-skin—not sheep-skin. Regal calf is genuine calf-skin—not side-leather.

As to Regal workmanship—you will be interested in the picture of the Regal Cutting-Room at the top of the page.

There is a vast difference between a go-ahead policy and a feel-your-way program. In the Regal factory-owned stores you will discover what can be done to increase shoe values in a time when issues of extravagance must be faced and overcome.

**ENDING THE TECHNICAL WAR.**

Senator Knox's resolution introduced in the Senate yesterday repeals the declaration of war of April 6, 1917, and proclaims this country to be at peace with its former enemies, Germany and Austria-Hungary. If and when passed and approved it will bring to a technical end the technical state of war that has prevailed in this country for two and a half years after the signing of the armistice.

But this is all that the Knox resolution will do. It seeks to define no phase of foreign policy, except to voice the reservation of all the rights, powers, claims, privileges, reparations, indemnities and advantages accruing under the armistice agreement of November 11, 1918, or any extension of modifications of that agreement under the Treaty of Versailles. It leaves the President perfectly free to undertake the negotiation of appropriate treaties with Germany and Austria or with other powers.

The resolution also declares the property of the German government or of German nationals seized in this country during the war shall be held until Germany shall have rendered satisfaction for all the claims filed by the government or any American citizen for damages sustained because of the war. This declaration was unnecessary. Had Senator Knox remained silent on the subject the government would have possessed the power just the same to dispose of the former enemy property.

What course the President will take after the passage of this resolution remains to be learned. In his message to Congress on Tuesday he expressed the belief that the mere negotiation of separate treaties of peace with Germany and Austria would not in itself materially effect the very involved European situation. It is to be assumed from this that the government will be in no particular hurry to discuss separate treaties. Apparently the President and Secretary of State Hughes are disposed to watch development a while. The policy of standing with the Allies in maintaining Germany's guilt in the war and in exacting the maximum reparations has been announced. Unquestionably this policy will receive serious consideration when the subject of separate treaties is taken up.

While the irreconcilable opponents of the League of Nations profess to be vastly pleased at the President's message and the acceptance of the amended Knox idea by the administration, there are strong signs that Mr. Harding and his cabinet are not anxious, if they are not actually reluctant, to rush into separate peace treaties with the nation's late enemies.

The President has declared that the League of Nations is wholly unacceptable and that no peace treaty with a league of nations embodied as an instrument of enforcement, will be acceptable to the United States; and there seems to be little hope at Washington that the Wilson League covenant can be extracted from the Treaty of Versailles. But at the same time there is an obvious disposition to examine further the idea of separate agreements and perhaps see what plan our former associates in the war have to offer, if any.

What if the Allied Western Europe—that is, France, Belgium, Portugal, Italy and England—should be disposed to negotiate a separate agreement for the settlement of the war? At this time it seems hardly reasonable to expect them to undertake such a thing if it would in any important detail disturb the conditions of the victory imposed upon the Central Powers. But perhaps there is a way around without doing that. More difficult passages in international diplomacy and statesmanship have been negotiated.

In any event the European press and government leaders have found cause to be gratified in Mr. Harding's message to Congress. This is because they observe a complete lack of disposition unnecessarily to embarrass the Allies by independent treaty discussions with Germany. They see there is to be no precipitate action and apparently to be a studied delay. This means that they may continue to trust to the common sense and loyalty of the United States to those peoples that

helped to force the Central Powers to a practical capitulation.

Termination of the technical condition of war will make for a more cheerful state of mind in the United States, which is the main object to be sought. Most of the war-time legislation and executive decrees by which the government acquired extraordinary powers have been suspended by common consent. But they are still in existence and it is well that they be definitely repealed, the conditions which made them necessary having passed.

**THE BILL FOR LIVING.**

Many events have transpired during the last five years to bring home to the American people the great capacity of their power to consume necessities, comforts and luxuries of human life. In 1918 the American people saved out of their wheat supply set aside for normal domestic consumption over 200,000,000 bushels in order that their allies in Europe might be better provided for. A few days ago comment was made upon the fact that the women of the United States spent over \$200,000,000 for their Easter hats.

Under the standards of living that prevail in this country the household bills of 106,000,000 people mount into huge figures. Financial and economic students speak of debts and income, living costs and net savings with more assurance than justified. They do not always take into consideration the spirit of the people as it may be affected under varying circumstances.

For example, if the American people are spending forty billions of dollars annually on the cost of living, a comparatively slight saving may total many billions. And when there is a depression in, say, home and factory and public building, as there has been for the last two years, the money released from these normal requirements flow into other channels and exert a very significant effect on many lines of activities. If the virtue of thrift were properly implanted there would be an enormous increase in savings which would greatly fortify the people against periods of depression.

It is a fact that the United States does spend about forty billions annually for living costs. About fifteen billions of this goes for food. Dr. Frank M. Surface, one of THE TRIBUNE's Washington correspondents, has compiled a table from statistics published by the Department of Labor to show how this national food budget was appropriated in 1919:

	Total cost in 1919	Percent of total	Per capita cost
Cereals and cereal products	\$1,630,740,658	11.1	\$15.63
Pork	4,638,571,708	31.9	44.70
Beef	2,821,055,238	19.5	26.87
Dairy products	2,491,846,452	17.0	23.72
Poultry and eggs	1,608,173,010	10.9	15.30
Sugar	309,900,180	6.2	5.87
Vegetables	535,017,704	3.7	5.09
Total	\$14,638,110,950	100.0	\$139.39

The grand total of the cost of these food commodities as sold at retail amounted to \$14,638,000,000. If we should add the cost of certain miscellaneous foods not included the total expenditure of the nation for its food supply in 1919 would approximate \$15,000,000,000. Of this amount approximately 50 percent was expended for meats, pork and beef, 17 percent for dairy products, 11 percent for poultry and eggs, and another 11 percent for cereals.

On the whole family budget the Department of Labor makes the following calculation:

	Per cent of expenditures	Total cost	Per capita cost
Food	38.2	\$15,000,000,000	\$14.8
Shelter	16.7	6,557,000,000	62
Transportation	13.5	5,250,000,000	50
Fuel and light	8.3	2,981,000,000	29
Furnish and furnish	5.1	2,003,000,000	19
Miscellaneous	21.3	8,364,000,000	80
Total	100.0	\$39,267,000,000	\$374

On this basis the total expenditures of the nation for its living amounts to about \$40,000,000,000, or \$375 per capita.

The American Society of Engineers, at the suggestion of Mr. Herbert C. Hoover, a few months ago adopted a program for eliminating waste in the processes of production and the operation of public facilities. Thus over 200,000 trained technical men are attacking this subject. They believe hundreds of millions are being needlessly spent each year in industry, manufacturing, mining and transportation.

It would be a mighty fine thing if all the people could be made to comprehend the large scale on which we move and live as a nation; how far a little contribution to thrift, efficiency and economy in production goes in making huge totals. If the cost of producing the articles which this forty billion annual budget buys could be brought down ten percent that would mean a saving of four billions of dollars.

The Democratic minority in the House of Representatives has elected Representative Claude Kitchen to serve as floor leader during the present session of Congress. This means that a free trader, favoring a tariff for revenue only, and the provincial who said in 1917 that he proposed to see to it that the people north of the Mason and Dixon line would pay the cost of the war, is to direct the minority's tactics. He will not be pleasing to a large section of the Democratic membership. For many Democrats have come to recognize that protection is necessary for American products.

Revenue agents are reported to be ready to maintain a close watch on the laying of a new cable to France; they are afraid of a pipe line to Scotland being established.

**NOTES AND COMMENT**

The country is expected to be impressed by the announcement that a petition for Debs' pardon is to be carried to the national capital on a day. This is to give an idea of its immensity. What a very little impression these monster petitions create is suggested by a declaration made, that a recommendation that the best citizen of a town should be hanged would receive the signatures of practically every resident. It is no trick at all to obtain signatures to a petition.

The Woodland Democrat calls attention to something that had not been generally sensed: "It is remarkable how many of the Wilson policies and methods have been dumped into a scrap heap by President Harding and his coadjutors. On the contrary they seem to those gentlemen to have been pretty much all right."

Evidently a new idea has been introduced in the postal department. Under Hays it is urged that mail be deposited early. The idea that prevailed under Burleson seemed to be that there was no hurry. This was especially so at the delivery end. If there was no sweat there, there was not likely to be at the other end.

It may be said that the upper house of the State Legislature does the unusual thing when it enacts a resolution indorsing one of its members for a commissionership of Oakland. The office is the office of a municipal election shortly, and it will require a big stretch of the imagination to make it a proper subject for any action by a legislative sub-body.

The Red Bluff News wonders what all Jersey: "Governor Edwards declares that the Dempsey-Carpentier fight will be a good thing for New Jersey. Wonder what's the matter with Jersey that a prize fight can help her?"

The news from Silesia is to the effect that Captain Von Muller, who commanded the commerce raider Emden, from whose doings Pacific commerce suffered in the first months of the war, was killed by a plebiscite official after he had wounded three others. He was performing under an assumed name.

It is an unusual proceeding, that of the Hungarian government in officially notifying Switzerland that, while it considered Charles as Hungary's lawful sovereign, circumstances over which it has no control made it inexpedient for him to occupy the throne, and requesting that Switzerland permit him to reside there. The circumstance over which the Hungarians have no control is not from the allied powers that no Hapsburg will be permitted to sit upon an European throne.

All that Russian emancipation seems to lack is a head. There is man power, and it is evidently realized that something must be done to end the reign of anarchy. The peasants appear to be willing, but don't know how. Some Peter the Great may eventually arise.

Some of the to-let advertisements of English country houses, which up to recent times, and as grand mansions, should interest Americans, lavish as they are in bathrooms and plumbing. A house with four parlors, as many dining rooms, two drawing rooms, fourteen bedrooms and one bathroom would not seem to embody extreme comfort, according to the American idea.

The country may not know with the utmost exactness where it is "at," but it is much nearer such knowledge than it was last year at this time. The more Harding functions as President, the greater reassurance is felt by the American populace.

**SPIRIT OF THE STATE PRESS.**

Says Mary Garden: "Every morning and every night, no matter how tired I am, I practice deep breathing. I was at a luncheon of women not long ago, and I was much bored. The talk was quite good, but I breathed and the time was not wasted." There is a valuable hint here for men as well as women at banquets, sermons, lectures and other talk-fests when the utterances grow pifflish. Just breathe.—Chicago Enterprise.

Four hundred and eighty acres of valuable land lying west of Alameda was sold on Monday in Department No. 1 of the Superior court by John Birmingham, administrator of the estate to Lee Higgins, for \$12,500.—Martinez Gazette.

Viscount James Bryce finds ten big flaws in democratic government in the United States. Bryce, however, does not admit many defeats and they do not object to being told of them, provided the criticism is made in good temper and with generous candor, such as Viscount Bryce manifests.—Grass Valley Union.

Professor Einstein says his theory of relativity abolishes time and space. That's nothing new. Our motor cars have been abolishing space for 20 years, and our maiden ladies abolished time long ago.—Sacramento Union.

The suit of the Wild Goose Gun Club, composed of San Francisco and Sacramento sportsmen against Butte county, for the reduction of the assessment on 1648 acres of land near Gridley began yesterday. The gun club charges gross discrimination in assessing their land at \$50 per acre, the contention being that it should be assessed at \$10 per acre. The gun club will sue for taxes for the year 1919, approximately \$16,000.—Oroville Register.

We're glad to see the State has decided to tread the path of reasonableness. About \$400,000 has been slashed from the \$1 million dollar budget.—San Jose Mercury Herald.

**ALASKA**

"Fifty-four years ago, on March 30, 1867, was signed the treaty whereby the United States purchased Alaska from Russia for \$7,000,000. In the intervening half century we have taken from the Territory more than seventy times the seven millions of purchase money," says a bulletin from the Washington, D. C., headquarters of the National Geographic Society.

"Most Americans are in the habit of thinking of Alaska as of insignificant area, yet it is, as large as Illinois, Iowa, Kansas, Minnesota, Wisconsin and Missouri put together, with sizeable bits from Kansas, Nebraska and the two Dakotas added on."

"Everywhere, except in the extreme north, the vegetation is luxuriant. It is rich in fruits, berries, vegetables and grazing grasses flourish. Located no less advantageously than the Scandinavian peninsula, and with an area almost twice as great as that of Norway and Sweden combined, Alaska, nevertheless has a white population of little more than 50,000, as against the eight millions of Scandinavians."

"The three great sources of Alaskan wealth are minerals, fisheries and furs. Up to the end of 1915 the mines of Alaska had produced more than \$300,000,000. In 1916 the fisheries produced nearly \$20,000,000, and the peltries more than half a million. There are great deposits of coal as yet untouched and of low grade ores more precious which await only the development of the Territory's own water power to make them available at tremendous profit."

"Forests, too, are extensive and suited for the production of both timber and wood pulp. The heavy growth lies along the coast, where two national reservations contain a combined area of about 21,000,000 acres, with an existing stand of merchantable timber exceeding eighty billion feet, board measure. These forests comprise the northwest extremity of the great northern belt of conifers which extends over the continent, and Alaskan spruce has been found valuable for the construction of the wooden frames of airplanes, for which use it commanded during the war the remarkable price of nearly \$150 per thousand feet."

"In recent years Alaska has attracted attention as a producer of meat for exportation to the United States. This meat is derived from reindeer herds which graze on the mosses and grasses of the far northern part of the Territory, which at one time were considered worthless and unproductive. The Alaskan reindeer herds now contain more than 200,000 of the animals, all derived from the 1280 reindeer imported into Alaska by the Federal government 28 years ago. In this period, besides, many thousands of the animals have been slaughtered for food. It is estimated that the portions of Alaska unsuited for other industries will maintain four or five million head of reindeer. In the Scandinavian countries their meat is highly prized. The reindeer meat from Alaska is beginning to appear regularly now in many of the meat shops of the United States."

"The development of the lumber industry, like that of all other enterprise in Alaska, is largely dependent upon the extension of communications, especially by rail, and the Federal government now has under construction a railroad which is designed to open up the country for both travel and industry. There are 467 miles of this road in operation. Only 83 miles remain to be constructed to give this road its total trackage of 550 miles."

**about YOUR HEALTH**

**Why School Examinations May Be Harmful To a Child**

By ROYAL S. COPELAND, M. D., Commissioner of Health, New York City.

There never was a school child or a student in college who didn't dread and hate examinations. Examination week is a terrific test of the physical and mental endurance of pupils and teachers.

Educators should find some better way of noting progress. It isn't fair to the unhardened nervous system and to the delicate structures of the growing child to require from him such strenuous efforts.

If you habitually started your automobile on high speed, neglecting to put it into motion gradually, shifting the gears progressively, your machine would be out of commission very shortly. It was not made to withstand such tests.

It is like this with the child's mind. The mind is traveling along modestly, when suddenly it is thrown into high speed and with a jump the machine is under full power, strained to the limit of its possibilities. The child would be out of commission very shortly. It was not made to withstand such tests.

Every week should be examination week, and every day a day of mental test. We should be judged by our average, daily labors. It is the only fair measure of our worth.

Semester examinations, or mid-term tests, are a test of physical endurance rather than of mental equipment.

Some educators will object to these views. They will say, "I am not speaking altogether from the lay standpoint. Twenty-five years' experience in public school and medical college teaching has given me the right to hold a few modest views on this subject."

In almost every school there is one teacher who is dreading by every pupil. This tyrant gets the major part of the student's time. The kind-hearted and "easy" teacher gets little attention when examinations come. Consequently the test week is not well-balanced and, in the last analysis, does not prove the real ability of the pupil.

For the sake of the health and well-being of the children I appeal to teachers to give consideration to some better way of determining scholastic standing.

The teacher is the hope of America. We entrust the training of our children to the teacher. The teacher is responsible for the posture, the carriage, the appearance of the child. She teaches the ideals of Americanism. She teaches the child good health. She teaches hygienic living and the virtues of simple food. She impresses the importance of moderation.

It is a pity to upset the health of the child and to interfere with his physical progress by the present method of conducting examinations. I am sure the majority of teachers who read this will agree in their hearts.

They, themselves, have suffered too much from the strain of these special sessions to disregard their effects upon the growing child. Let us find a better way.

**Too Late.**

# COURT ASKED TO BRING DEAD MAN BACK TO LIVIN

### Action Sought When Legally Dead Seeks to De Piece of Property.

A "dead" man is about to be brought to life, if a petition presented to Superior Judge E. C. Johnson today is granted by him. Jacob A. Moller is the "deceased" Attorney Edward Silver is the man who is anxious to have the "dead" revived.

Moller disappeared in 1899. In March of 1908 his father, J. J. Moller, now dead, petitioned the court to have him declared legally dead. The judge had not been heard from at that time and that he had a life insurance policy for \$750.00. The petition was granted, but nothing further appears in the record, the estate never having

...aying it had been in Alaska  
...had been unable to write for a  
...period. Today's petition says  
...money collected from the life  
...insurance company was returned  
...t, but evidently no one thought  
...worth while to notify the court.  
... In 1916 Moller purchased a house  
...on Central avenue, Alameda.  
...er endeavored to buy the place  
...other day, but found it was repossessed  
...in the name of a person who  
...no legal right to be claiming an  
...tenance. This threw a cloud on  
...little, where Silver is endeavoring  
...to be dispelled.

Judge Morrison says he sees  
...reason why Moller should not  
...entitled to come forth from

## Candidates Speak

### At Elmhurst C

Charles H. Secombe, the president, made the opening address. He pressed home the thought that the club's primary purpose was development of community consciousness, and through the united

ness, and through the united efforts of the members to promote the interests of Elmhurst and of Oak Park generally. He dwelt at length on the Elmhurst storm sewer issue and in conclusion urged the realization of the plan.

of the club's real, fundamental pose of united conditions on which would come comm progress and development.

A preliminary report from the special committee in charge of the Hurst storm sewer project placed on file. The report, me

of the club state, showed grat  
progress.

# CALIFORNIA BOYS STAR IN OPENING GAMES OF MAJOR LEAGUES

## STANFORD AND CALIFORNIA WILL CLASH IN ANNUAL TRACK MEET AT PALO ALTO SATURDAY

### SAMMY BOHNE AND LOUIE FONSECA ARE SENSATIONS

Pair of California Kids Break in With a Bang When Cincinnati Beats the Pirates

By HENRY L. FARRELL  
United Press Staff Correspondent

NEW YORK, April 14.—If the pulse of the opening day means anything, baseball is back with a stronger heart beat than ever.

Attendance at every major league park yesterday showed there is nothing wrong with the old game. The only trouble is in the parks—there isn't room enough.

There must have been 40,000 crammed and jammed in the Polo Grounds and a good 5000 were two blocks away fretting and fuming at the reserve cops who wouldn't let anyone through the lines except ticket holders.

Cincinnati, famous for opening-day crowds, went over the top for a new record when 30,500 piled through the gates.

Chicago welcomed Johnny Evers back to the old Cub lair with an outpouring of 25,000.

In most every baseball city the casualties among grandmothers was proportionately about the same.

The crowds saw some great baseball for such an early day.

With the exception of the Cleveland Indians and the Pittsburgh Pirates, all the contenders lived up to the advance notices from the south.

**YANKEES LOOK GOOD.**

The Yankees, with a slaughter attack at the bat and a good defense, looked like a million dollars against the Athletics. But, barring a tendency to go up in the air, a falling of young ball clubs, the Athletics did not look a bit bad.

The Giant pitchers are not all that can be expected yet, but the club showed the customary McGraw fighting spirit, by going eleven innings to win the game.

The Brooklyn Robins didn't despair with a 4 to 0 count against them and won out from the Braves.

Ragged infield defense cost the Indians a victory to the Browns. Tris Speaker probably will have a lot of trouble until Vamby or Lantz get back into the game. The youngsters on second and short infield lack balance.

Even without Groh, Rush and Kopf, the Reds were good enough to beat the Pirates. Bohn and Fonseca play and hit all season as they did yesterday. But Moran won't miss the holdout much. Bohn got a double and a triple, and Fonseca got a single and a triple.

**Cardinal Track Squad Ready For the U. C.**

Annual College Meet To Take Place Saturday At Stanford.

By S. N. PIERCE

STANFORD UNIVERSITY, April 14.—The Stanford track squad is doing heavy training this week in the preparation for the Stanford-California meet on the Stanford Oval next Saturday.

Although Stanford is not accorded a chance to win the meet, the squad is determined to make as good a showing as possible in the face of adverse circumstances. Coach Dink Templeton figures that Stanford will score between forty-five and fifty points, giving the Bruins the meet with about thirty points to spare.

In the events in which the two colleges are evenly matched there is much interest. Captain Morris Kirksey and Bob Hutchinson should put up good races in the sprints. While the consensus of opinion is that the Cardinal track captain will win both races there are some who think the Bruin sprinter will take first place in the two-hundred yard dash.

If conditions are good the century and two-hundred yard races should result in some fast time being made.

Captain Kirksey should be the biggest Stanford point winner. He is entered only in the sprints but in the broad jump and discus events as well. He should place in both of them. Kirksey has not practiced the broad jump a great deal this season as he has been afraid of injuring his legs and hurting his ability as a sprinter.

In the high hurdles Stanford is well fortified with Jess Wells, Bob Williams and Lane Falk. Either Wells or Williams should take first honors, while Falk is good for a third.

**WELLS AND FALK**

Wells and Falk are the best Stanford entries in the low hurdles and should place first and second. They are in the best of shape. Wells did not show up well in the preliminary season but he has been resting up during the past two weeks and should perform in his usual good form. He is also entered in the hundred yard dash.

Bob and Kenny Wright are the best entries in the quarter mile. Thompson was a good prospect until he hurt his leg a few weeks ago but he is not in shape to put up a good race now. The other entries are Moody and Hertel.

Williamson, Carlsmith and Murphy are the entries in the half mile. Williamson is the best of these men, having taken first place in this event in the Stanford-California freshman meet last year. Carlsmith looked like a comer until sickness during the fore part of the season kept him off the track for some time.

The mile will be run by Myers and Rogers. Elliott was the best Cardinal entry in this event but he was recently declared ineligible by the scholarship committee.

Eddelman, Rousselot and French are entered in the two-mile. Eddelman is the best of these men and Coach Templeton expects him to run second to Dorr of California in the Big Meet. Eddelman has been putting more into his finish in the last few races.

**WILCOX IN VAULT**

Cardinal supporters look for Art Wilcox to best Norris of California for first place in the pole vault. The Stanford man has done twelve feet five this year and should do that or better in the Big Meet. Green and Black are also entered in this event for Stanford.

Heath, Green and Weaver are the Stanford high jumpers. They should give "Brick" Muller good competition as they have been doing slightly over six feet consistently all season.

The broad jump is the Cardinals' weakest field event. Minsky, the most likely looking jumper, has been out of competition for the last few weeks with a bad foot.

Flint Hanner, the national intercollegiate javelin champion, is given the edge in the javelin against Carl Majors. The Stanford man has not done better than 179 feet so far this season, but he should better this mark by several feet in the Big Meet. He is also the leading entry in the shot put, being capable of around forty-one feet. Adams and Tauszer are also entered in the latter event.

Tauszer, Sampson and Green are entered in the discus in addition to Kirksey.

Work started yesterday in putting the track in shape for the meet. It should be in the best of condition.

### SUMMER RESORTS

### Yosemite Lodge—open April 15!

Yosemite's Springtime, with daily auto service to the world-famous Big Trees, is now further signalled by the opening, on April 15, of

#### Yosemite Lodge

Central buildings and lodge dining-room, with exceptionally good table service on the American plan, and charming detached redwood cabins, with or without private baths (\$5 to \$7.50 a day).

#### Yosemite Lodge Annex

Smart tent-cabins under the pines, with public privileges of the Lodge, and a new, special cafeteria service equaling in quality and preparation the food of the Lodge dining-room (\$3.50 a day, American plan).

There's no better investment than a visit to Yosemite in Springtime!

For reservations at Yosemite Lodge, Yosemite Lodge Annex, or Sentinel Hotel, telephone, call or write

He is also the leading entry in the shot put, being capable of around forty-one feet. Adams and Tauszer are also entered in the latter event.

Tauszer, Sampson and Green are entered in the discus in addition to Kirksey.

Work started yesterday in putting the track in shape for the meet. It should be in the best of condition.

### Notes From the Major Leagues

Oscar Vitt helped the Red Sox to defeat Washington by getting a triple and playing perfect ball in the field.

Olaf Erickson, former Seal, relieved Walter Johnson in the box for the Senators. He stopped the Red Sox attack but was relieved in the seventh by a pinch hitter.

Louie Fonseca, TRIBUNE leaguer, and Sammy Bohne, formerly of Seattle, helped the Cincinnati Reds to a win by getting two hits each.

Ray Rowher acted as pinch hitter for Pittsburgh but failed to connect for a hit.

Bummy Johnston got one of the shots off Joe.

After pitching seven innings of shutout ball, Joe Oeschger weakened in the eighth and the Dodgers won 3 to 1.

Stanley and Terry got a hit apiece and Holcomb went hitless for the Cubs who defeated the Cardinals 3 to 2.

Bill Bernier was one of the Cardinal pitchers to get bumped by the Cubs.

Pitcher wouldn't be a baseball with out a triple home run smash by one of the Giants that caught McGraw's team to trip the Giants in eleven innings.

Adolpho Lopez, the Havana pitcher, in a start at Cincinnati, gave a lead victory over the Pirates.

Allen Woods' long homer into the left field bleachers, gave the Red Sox a 1-0 lead over the Yankees, pitcher, defeated the Yankees 1 victory over the Sox.

Joe Sewell, who lives helped the St. Louis Browns to a victory over the champion Indians.

### Stanford Defeats Santa Clara Team

STANFORD UNIVERSITY, April 14.—The Stanford University football team defeated the Santa Clara University nine in the third game of the season today.

The great Alexander Ray, up only a week after a shoulder injury, led the team and scored a club victory with a 1-0 lead.

President Harding, Vice President Coolidge, General Pershing and diplo-

mat guests were in the stands to see the first time in his career that Stanford was forced to bow to the Red Sox.

Bernie Nix, getting a pinch hit for the Dodgers, started the game on the road to a ninth inning victory over the Pirates with a timely single.

### CHICAGO MATCH ADJUDICATED

CHICAGO, April 14.—The Chicago match between the Cubs and the Pirates was adjudicated a draw.

The Cubs, who were leading 3-0 in the eighth inning, were forced to concede the game to the Pirates.

The game was called off by the umpire, who ruled that the Cubs had committed a foul play.

The Cubs' manager, Charlie Grimm, protested the decision, but it was upheld.

The Pirates' manager, Fred Clarke, expressed his disappointment at the result.

The game will be replayed at a later date.

The Cubs will be looking for revenge in the next game.

## A Message from the President of the Cadillac Motor Car Company

Year after year it has been necessary for us, at this season, to caution prospective buyers of the Cadillac Motor Car against possible disappointment in the matter of securing delivery.

The necessity was never more urgent, as it is our conviction that the months of May and June, and the remainder of the year, will witness the greatest shortage of Cadillac cars in the history of the company.

The Cadillac Company is firmly committed to the policy of building 8-cylinder cars which will continue to be the Standard of the World.

Present prices on Cadillac Motor Cars will remain unchanged through the year 1921

# SHIPPING, FOOD PRICES AND THE WORLD'S COMMERCE

## OAKLAND MAN TO EXPLOIT MEXICO MINE CONCESSION

### Placer Fields On West Coast Will Be Worked by Dredgers.

Ralph J. Vander Naillen of Oakland, mining engineer, is preparing to leave for Mexico after obtaining a general gold exploration permit.

Vander Naillen returned from Mexico two weeks ago with nine concessions on the west coast of Mexico, permitting extensive development of rich placer mine sites on the west coast of Mexico.

By the terms of the concession, preliminary prospecting must be completed within three months. Drilling must then be undertaken within a year and all prospecting by drilling of otherwise completed within four years. Nine years are allowed to install dredges and hydraulic apparatus.

The concession covers the heads of great coast rivers and tributary streams.

The advance party to begin the prospecting is to leave on the steamer Senator for Mazatlan on Saturday.

Vander Naillen has been formerly with the Southern Pacific next Thursday. The Mexican line of this railroad cuts through the territory of the concession, crossing most of the streams.

While the prospectors in Mexico will proceed in two parties to cover more ground and will examine all possible territory in the time at their disposal.

The valleys of the concession region are known to be rich in gold and beyond planning operations by Yaqui Indians, have never been touched, it is claimed by Vander Naillen.

The Oakland man's home formerly was at 6000 Ocean View Drive. He is now temporarily at a San Francisco hotel while arranging his prospecting organization.

**MILK DRIVERS TO STRIKE.**  
CHICAGO, April 14.—Milk wagon drivers and dairy workers here may strike on May 1. It was learned today, if their demands for the abolition of Sunday work are not granted.

**Fish Prices Today**  
Retail prices for these varieties of fish when sold over the counter, April 14, 1921, in San Francisco, Oakland, Alameda and Berkeley. Dealers may sell at lower prices, but should not charge more. Purchasers who are overcharged are invited to make complaint by writing to the State Market Director.

**CASH AND CARRY PRICES**  
Tuck shad, round, 10¢  
Tuck shad, cleaned, 12¢  
Koo shad, 12¢  
Issued by the State Fish Exchange, G. D. DANIELS, State Market Director, 225 Market St., San Francisco.

## 'DEKES' WILL REOPEN HOUSE AT UNIVERSITY

Year's Period of Probation Is  
Up; Fraternity to Open New  
\$50,000 Home.

With the completion of a year's period of probation, members of the Delta Kappa Epsilon fraternity have been permitted to open a new chapter house on the University of California campus.

Just a year ago, the old home of the "Deke" fraternity was the scene of an affair which came to the knowledge of the university authorities. Two of the fraternity members were implicated, and the affair resulted in the dismissal of several students, and the issuing of an edict depriving the "Deke" of the right to live together on the college campus. A probationary period over an indefinite time was set by President David P. Barrows in which to decide whether the fraternity charter should be revoked or the members should again be allowed to open their house. Soon after the order was given, the "Deke" wrecked the old house at Durant and Telegraph avenues, and cleared the lot.

Recent rumors of the purchase of a new \$50,000 home in Berkeley have been confirmed by the fact that the collegians have moved into a home situated at Bancroft way and Piedmont avenue.

## Mrs. Sperry, Wife of Flour Magnate, Dies

SAN FRANCISCO, April 14.—Mrs. Mary Simpson Sperry, widow of Austin Sperry, Pacific Coast flour manufacturer, and well known as a prominent figure for over thirty years in the activities of leading women's clubs of this city, died yesterday at her home, 2100 Pacific avenue. She was a native of Maine and came to California in 1862. For years she resided in Stockton, where her husband founded the Sperry Flour Company. She became identified there with the women's suffrage movement and was co-worker with Susan B. Anthony, Rev. Anna Shaw and Mrs. Carrie Chapman Catt. She was a member of the Daughters of the Revolution and an active member in the Century club, as well as other organizations. She was 83 years old.

Mrs. Sperry leave a daughter, Mrs. C. A. Bodwell of Lakeville, and two sons, Horace B. and Austin Sperry. She was a mother of the late Dr. Mary A. Sperry. Funeral services were held this afternoon at 2 o'clock.

## Former Stanford Men Plan Rally and Dinner

With Coach "Dink" Templeton as guest of honor, the Oakland-Eastbay Stanford Club will hold its second rally and dinner tonight at the Puritan Cafe. The meeting will precede the annual intercollegiate track meet between Stanford and the University of California Saturday.

The principal matter before the meeting will be the regional scholarship to be supported by the Stanford men of the Eastbay for some deserving young man each year. A committee will report on ways and means for establishing and maintaining the scholarship. The candidates for the scholarship, it is agreed, must be "regular fellows" as well as good students.

Bear's Oake—In the cartoon—18c—Advertisement.

## Charges of Spying Denied by U. of C. Honor Committee

BERKELEY, April 14.—"Spying" is not a part of the work of the members of the student affairs committee at the University of California, nor is it necessary for students to spy in order to make the "honor system" effective, according to W. A. White, member of the committee and editor of the Daily Californian.

Student criticism has been aimed at the honor system and the work of the committee throughout the semester in punishing violators. The system is objected to by some as calling for "spy" work, and by others because the punishing is left in the hands of the student committee.

In a recent issue of "Student Opinion," a student scored the work of the committee as a "system of spying to obtain the names of the violators." This statement is emphatically denied by the students' committee. They declare that they do not approve of such practices, and that they do not encourage them.

Criticisms of the committee on the ground of extraordinary jurisdiction and lack of form in proceedings are answered by the statement that the body does not act as a court but as a "household tribunal."

## HUSBAND CRUEL, WIFE DECLARES

Alleging that her husband, Manuel Cambar, called her vile names before their children, that he beat her and threw her into a closet and that he gave her no money for food, Mrs. Alexandra Cambar of Elmhurst today filed suit for divorce in the Superior Court.

Mrs. Cambar asks \$100 a month alimony, all the community property consisting of a home in Elmhurst and \$2000 in the bank and the custody of the five children. The children are Manuel, aged 16, Willie, aged 12, Alice, aged 11, Violet, aged 9, and Ida, aged 7 years. They were married March 5, 1906, and separated April 12, 1921.

Mrs. Katherine Hamilton charges that Walter L. Hamilton threatened to kill her, cursed her and struck her frequently, in a divorce suit just filed. She asks \$75 a month alimony, attorney's fees, costs of action and custody of 1 year, 5 months. They were married in Oakland May 6, 1919, and separated April 3, 1921.

## Police Make Record Returning Stolen Suit

A record in return stolen property reported to the police department was made this morning by the pawnshop detail. A man giving the name of Joseph M. Jones was arrested Monday by Inspectors John Duffin, Jack Mulhern and Alex Trotter as he was trying to pawn a suit of clothes several sizes too large for him.

Checking up the suspect, the police found laundry in his room which belonged to a roomer there, George Zollinger. The suit had been taken from Frank Verzellini, who today swore out a warrant against Jones charging burglary.

## SHOTS FAIL TO STOP TWO MEN WHO STOLE AUTO

Machine Is Abandoned by  
Fugitives Who Escape in  
Dark Alley.

Two shots were fired at two automobile thieves early this morning by Policeman M. F. Enos when he recognized that the machine had been reported as stolen. At the corner of Thirty-fourth and Peralta streets Enos saw the machine as it turned the corner. He commanded the driver to halt. The driver instead of obeying the command, stepped on the gas. Enos stopped a passing machine and gave chase.

As the two men turned the corner at Twenty-second and Wood street Enos fired two shots. Two blocks away Enos saw the men stop the machine in the middle of the street and run into a dark alley. The entire neighborhood was searched by a squad of policemen but they could find no trace of the auto thieves. The automobile is owned by Joe Silva, 2635 East Eleventh street. It was stolen from the carnival grounds, Nineteenth street and Telegraph avenue, last night.

## Playground Charter Amendment Endorsed

The Recreation Department is receiving many endorsements of the proposed Charter Amendment to broaden the scope of activities of the playground department to be voted on Tuesday. In endorsing this measure the Extension of the Order committee of the Native Sons of the Golden West of Alameda county have written the following:

"Please accept the endorsement of the Extension of the Order committee of Alameda County Native Sons of the Golden West, composed of the seventeen parlor of the order in this county to your proposed amendment to the city charter whereby the scope of work of your department can be increased to take care of the pressing needs for the future. We feel that your department deserves after careful study, combined with the successful activities of the past and with the keen knowledge and forethought that the people in future will be demanding a greater variety of wholesome recreation. The outdoor and camping life especially appeals to us as no other state in the union has as many mountains and forests as easy of access, as nature's wonderland—California.

"May your amendment be successful and rest assured that this body will do all in its power to assist. (Signed) "J. J. Secretary."

Other organizations which have sent in their endorsement recently are: Ray Tree Woodmen of World; Col. John B. Wyman Circle No. 22; Ladies of G. A. R.; Council No. 7 of the U. P. E. C.; Parent-Teacher Associations of Prescott, Stonehurst, Devey, W. P. Frick schools; Dorothy Dix Tent No. 6, Daughters of Veterans.

FIRE LOSS IS \$40,000  
VANCOUVER, B. C., April 13.—Fire which spread to surrounding dwellings and for a time threatened to be serious, last night destroyed the factory of the Twentieth Century Ready-Built Houses, Inc., in the Kitsilano suburb, entailing a loss of \$40,000. Several nearby houses were damaged.

## Hairs Will Vanish After This Treatment

(Toilet Helps)  
You can keep your arms, neck or face free from hair or fuzz by the occasional use of plain delatone and in using it you need have no fear of making or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs and after 2 or 3 minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.—Advertisement.

## Constipation Is Relieved

Prompt—Permanent—Relief  
CARTER'S LITTLE LIVER PILLS rarely fail. Purely vegetable—act surely but gently on the liver.

Relieve after dinner distress—relieve indigestion—improve the complexion—brighten the eyes.  
Small Pill—Small Dose—Small Price

## ACHES AND PAINS— SLOAN'S GETS 'EM!

Famous pain and ache Liniment kept handy, brings warming, gratifying relief

RHEUMATIC twinges ease up soon. So do stiff joints, lame back, neuralgia, overtaxed muscles, and those pains from weather exposure, too—they don't fight long against the counter-irritation that Sloan's Liniment produces.

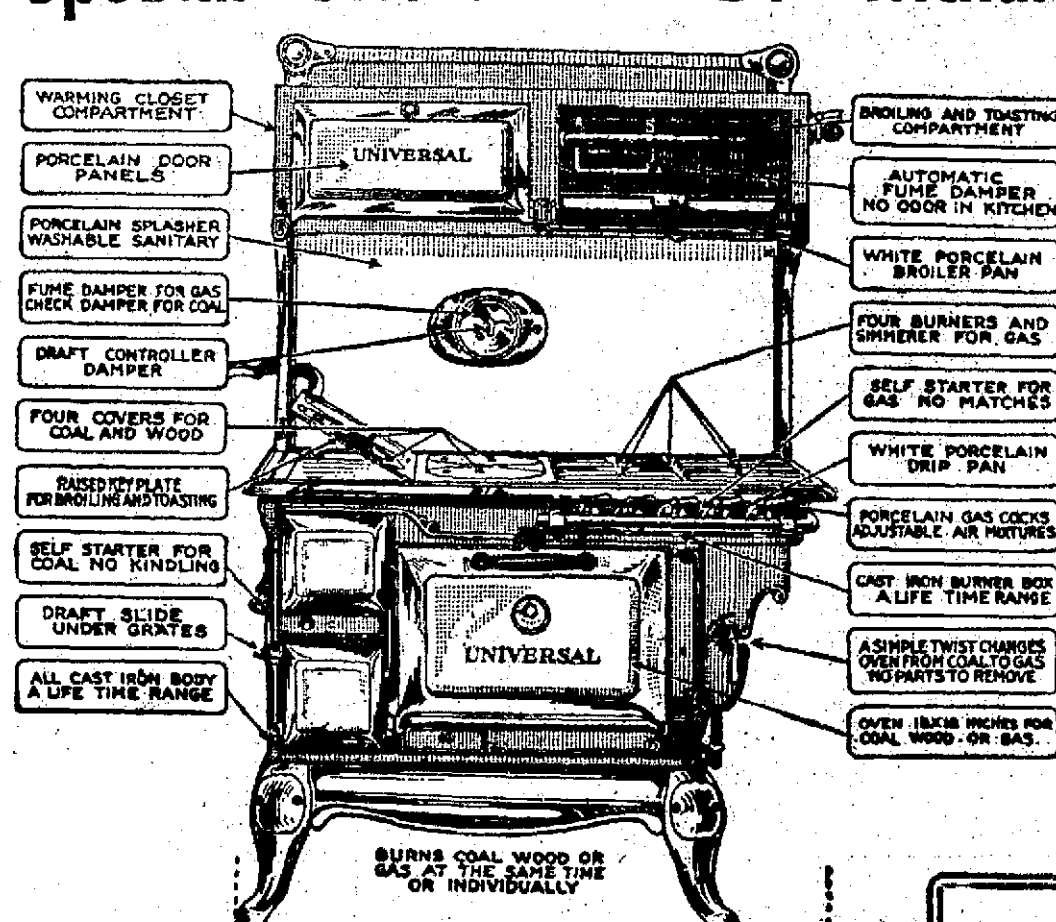

Always keep this old family friend handy for instant use—a little penetrates without rubbing, leaving no skin stings, muzz, or clogged pores. Its very odor—healthy and stimulating—suggests the good it will do.

All druggists. Three sizes—86c, 70c, \$1.40. Largest size is most economical.
